Village's revitalization to start

Town square, beautification has spring target

by CLAUDIA M. LENART Lakeland Newspapers

Community Development Director, Claude LeMere plans to bring year around that hometown, family feeling Antioch experienced over the Fourth of July weekend.

"We want to create a family-oriented

business atmosphere," said LeMere.
"We're building an atmosphere that is conducive to small business."

LeMere's first few weeks on the job have been busy. He's been meeting with area merchants, banks and Realtors in order to involve them all with Antioch's revitalization plan.

LeMere said he considers individual businesses as members of the family of Antioch. He noted that the Fourth of July, which he chaired, was successful due to the support of area businesses. In the future, more special events involving community and businesses are planned.

Although Antioch's revitalization plan won't mimic that of any other town, LeMere pointed to Naperville as an example of good planning by the village government.

"They had a progressive village board (Continued on page 10)

Riverboat issue finally has day before board

by MARY FOLEY
Lakeland Newspapers

With any luck, the riverboat casino issue will finally be settled by the Illinois Gaming Board on Aug. 23. The riverboat issue is hotly argued by residents in both the township and village of Antioch. Husband against wife, brother against brother, the issue has split the Antioch area.

The Gaming Board has issued a media advisory announcing that it will hold a special meeting at 9 a.m. at the James R. Thompson Center, in the Assembly Hall on the Concourse Level, at 100 W. Randolph in Chicago.

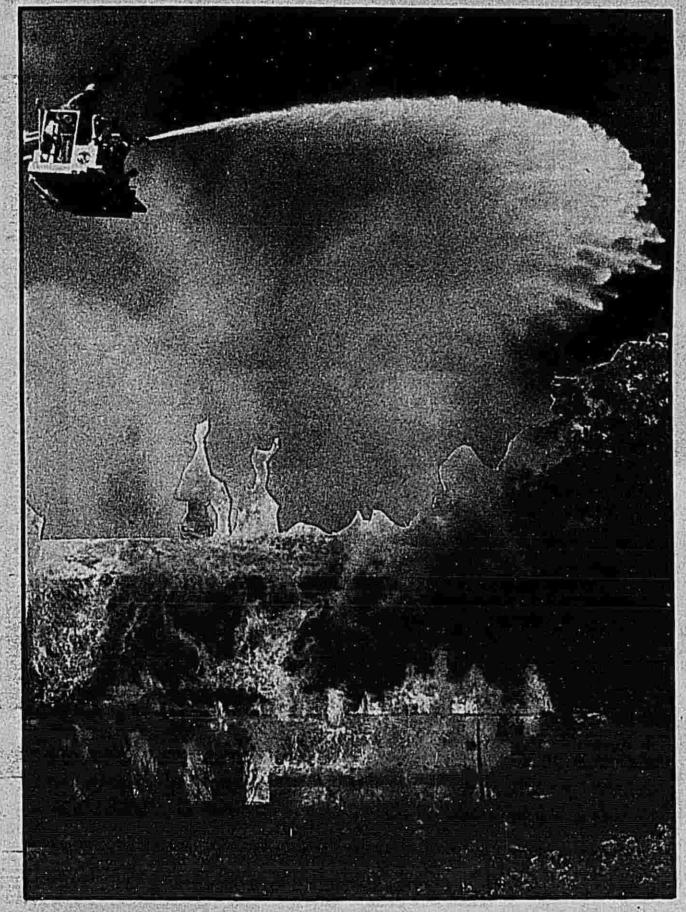

The agenda includes the owner's application presentations from all four of the contenders for the last license to be granted in Illinois. The Mirage Riverboats, Elgin Riverboat Resort, Sahara Resorts, and the Fox Riverboat

Limited Partnership are all vying for the final license.

Locally, there is still a great deal of controversy. Time will be scheduled at the hearing for presentations from groups and individuals who are against the Antioch site.

The granting of the license was on last month's agenda when it was suddenly dropped. It is reported that the reason for this was that a new board member had been appointed and wanted to acquaint himself with the issues.

Recently, the village board reversed the previous board's position and endorsed the casino plan after the Fox Riverboat Limited Partnership pledged up to an estimated \$17 million to local communities. With the village board, township board, and county board behind them, the Partnership is hoping to win the last license

Senior complex denied

Project does not meet ordinances

The Lake County Planning and Zoning Board has said no to the proposed Antioch Country Inn. The board, while agreeing that the area does need more senior housing, felt that the requirements of the ordinance were not met.

"It simply did not meet the standards of the ordinance," said the board. "It would have meant we would have to set a new precedent."

The housing development, which was

to be located off of Grass Lake Road in unincorporated Antioch, was to be an independent living center. The proposed group dwelling was to be constructed for 120 residents.

However, many Grass Lake residents had reservations about the project. Issues such as wetland conservation, lowering of the water table, and the cost of the placement of sewers in the future were just a few of the many concerns voiced at a hearing late last week.

According to board member, Suzanne Simpson, "We can't penalize an entire community for one person."

NO MODELS HELD BACK

GIANT MAZDA INVENTORY

McKAY MAZDA LIBERTYVILLE, THE MAZDA SUPERSTORE, is the MIDWEST'S LARGEST MAZDA DEALER SINCE 1985. Because THE MAZDA SUPERSTORE, McKAY MAZDA LIBERTYVILLE, has sold such unprecidented Mazda volume, THE MAZDA SUPERSTORE has more Mazdas available for this sell-off than ever before. THE MAZDA SUPERSTORE has giant numbers of new Mazda 323s, Proteges, 626s, the new 929s, MX-3s, MX-5 Miatas, MX-6s, RX-7s, 4WD trucks, MPVs and Navajos. We absolutely must sell these Mazdas this month!

MANDATED PRICING POLICY

To mandate the sale of these vehicles, THE MAZDA SUPERSTORE, McKAY MAZDA LIBERTYVILLE, has been instructed to SELL ALL MAZDAS AT VOLUME MANDATED PRICES THAT WILL NOT BE PUBLISHED. ABSOLUTELY NO PHONE QUOTES WILL BE GIVEN DURING THE 2-DAY VOLUME MANDATED PRICING SELL-OFF.

ALL FACTORY FINANCE AND CASH INCENTIVES ARE APPLIED

All Mazda factory cash and incentive programs are in full effect for this SELL-OFF. Appraisers will be available on the premisis to give you the HIGHEST PRICES FOR TRADE-INS during this TWO DAY SELL-OFF. On the spot financing will be offered. Bring your title or payment book.

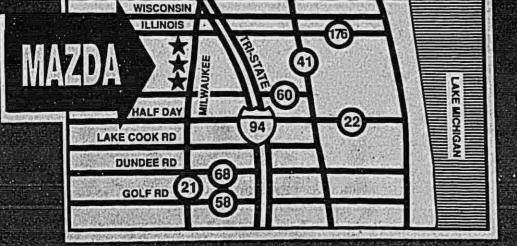

ABSOLUTE SALES TAX SAVINGS

Due to the fact that the Mazda Superstore, McKay Mazda Libertyvilles facility is located in Lake County, absolutely all suburban buyers are guaranteed up to \$200 IN SALES TAX SAVINGS versus the same purchase in Cook County.

USED CAR SELL-OFF

Due to our INCREDIBLE SALES VOLUME, THE MAZDA SUPERSTORE, McKAY MAZDA LIBERTYVILLE, HAS BEEN INUNDATED WITH TRADE-INS. Much of this overstock will be sold to wholesalers at the resumption of normal business after this sell-off. UNTIL THEN, MAZDA SUPERSTORE customers will have first right to purchase one of these vehicles.

THE THE ZIDE SUPERSTORE

1121 S. MILWAUKEE AVE., LIBERTYVILLE (708) 816-3000

Damage to marsh to be investigated

HAWTHORN WOODS---Trustees ordered an investigation into the illegal dumping of brush and debris into Indian Creek Marsh, a protected wetland. Village Engineer Russell Jensen was directed to prepare a report for the next village meeting. An estimated 120 feet of frontage was violated by a bulldozer, trustees were told. Building Com. Robert Grever said a permit was issued for construction.

Truck stop must pay for sales tax

GURNEE—Gurnee 41 Inc. was ordered to pay the Illinois Dept. of Revenue more than \$85,000 after pleading guilty to filing fraudulent sales tax returns. Gurnee 41 Inc., which owns the Gurnee 41 Truck Stop on Route, 41 in Gurnee, entered a

guilty plea in Lake County circuit court to filing fraudulent sales tax revenues between May, 1990 and July, 1991 and ordered to make \$80,295 in restitution. Kusum Bhardwaj, age 40, an officer of the corporation, plead guilty to one count of failing to remit sales tax and was given one-year conditional discharge and ordered to pay the Department of Revenue \$5,000 to cover the cost of the investigation. On June 7 the Dept. of Revenue had charged the truck stop and its corporate president, Yogi Bhardwaj, with 14 counts of filing fradulent tax returns. Those counts were dropped Friday.

Sewer Interceptor work nearing final stages

LAKE ZURICH—Lake Zurich's sewer interceptor project is plugging along, with construction crews continuing to work along Rte. 22 and Miller Road, said Village Administrator John F. Dixon. Crews were digging trenches for the lines towards Buesching Road on their way to Lion's Drive, he said. He estimated they would finish laying sewer pipe on Miller Road within the next couple weeks, adding the schedule was all subject to weather conditions. "We are still anticipating that we will be pumping sewage to the County plant (by the end of the year)," he said.

Benefit nets \$4,500 for injured firefighter

WAUCONDA—A benefit held to raise money for an injured Wauconda Firefighter James E. Johnson was simply "fantastic," raising close to \$4,500 to help pay for part of his medical expenses.

More than 300 people attended the daylong event at the American Legion Hall Aug. 15. Donations came in from residents, businesses, a bake sale and a dunk tank with Wauconda Fire Chief David E. Dato inside. Members of Johnson's family attended the benefit and said he was continuing to improve and was undergoing intense physical therapy at Lutheran General Hospital in Park Ridge. Donations can still be made to the James Johnson Fund at the Wauconda National Bank or sent to the Wauconda Fire Department.

Retiring village trustee honored

WADSWORTH- After serving four years as a Wadswoth village trustee serving the citizens of Wadsworth, Mark Connell is retiring. "We do offer the warmest and dearest congratulations to Mark Connell on his retirement as trustee of the village of Wadsworth," read Don Craft, village president, from a plaque made in Connell's honor. "Be it further resolved that we offer our deepest appreciation to Mark Connell for his sensitivity, and be it further resolved that we thank Mark Connell for chairing the finance committee for the village."

Village to issue pier warnings

THIRD LAKE—Third Lake Village Board offered an olive branch to homeowners who were upset about the village's enforcement of its pier ordinance. A warning ticket will be issued for any piers found in violation which have not been ticketed. Some 18 residents were found to be in violation of the ordinance and had a court hearing set Monday. All but three came in and received necessary permits and the charges were dismissed.

Private water company sued for unsafe supply

ISLAND LAKE—Illinois Attorney General Roland W. Burris and Lake County State's Attorney Michael J. Waller sued the Island Lake Water Co. for failure to provide safe water to the approximatly 850 village households they serve. The nine-count suit filed Aug. 9 in Lake County Circuit Court charges the company with failure to provide clean water, adequate size water mains, out-dated and deteriorating equipment and other violations to the approximately 850 homes it serves in Island Lake. Company President Michael Vick was also named as a defendant in the case.

CLC trustees seek reelection

by MARK HAHN

Lakeland Newspapers

Millicent Berliant and Nancy Block's terms as College of Lake County trustees expire this year, and both may be seeking reelection in the fall.

"Yes, how's that for a positive answer?" said Berliant. "I am pleased to be running for reelection, and I consider it an honor to be elected to the CLC board of trustees."

Berliant said that she would like to be at CLC through its transitional years with the addition of new facilities. "We are in a very exciting time right now, with the start of college expansion to serve a growing population. I would certainly want to participate in the decision making process as we go along with these activities.

"I think that the college is now really maturing and increasingly better able to

serve the community. I also think that we are fulfilling our primary mission; quality education and accessibility.

"As a member of the seven member board, each of us brings our own views, and in that way we represent the community, and we make sound decisions that reflect the desires, aspirations, and views of our total community."

Monday is the last day to file petitions at the college, and Block has taken out petitions and is expected to file her petition at the president's office to seek another term as CLC trustee. Block was unavailable for comment because she was called out of town due to a family emergency.

Returning trustees to the college board include: Richard Anderson (1997), Patricia Jones (1997), James Lumber (1997), and Barbara D. Oilschlager (1995).

FREE "ESTATE PLANNING" SEMINAR

Find Out How To Transfer Your Estate To Your Family Quickly Without Probate Fees

We Will Be Appearing At The Following Locations:
•GURNEE--Thurs., Aug. 26, 1 & 6 p.m. Free Lunch or Dinner

Hampton Inn.
•GURNEE--Thurs., Sept. 2, 1 & 6 p.m. Free Lunch or Dinner

Hampton Inn
 WAUKEGAN--Thurs., Sept. 9, 1 & 6 p.m. Free Lunch or Dinner
 Ramada Inn

You'll Learn:

- * About the disadvantages of wills and holding property in joint tenancy.
- How your family will spend unnecessary MONEY and TIME if they must probate your estate because you didn't properly plan during your lifetime.
- How to pass as much of your money and other assets on to your loved ones as possible.
- What the federal estate taxes are and how to make sure you make use of the exemptions you are entitled to take.
- How to plan your finances in case you or your spouse must enter a nursing home.
- What to do now so that you and your family can avoid asking a judge to appoint a guardian in case you or your spouse becomes incapacitated.

We encourage you to come to one of our seminars, enjoy a delicious meal, ask questions, and get the information you need to make the best decisions for your family. A little planning now can greatly reduce future expenses and delay that your family may otherwise be subjected to because of probate.

Sponsored by: The Law Firm Of Polster And Associates

A FIRM YOU CAN TRUST. Polster and Associates has prepared hundreds of estate plans for families in Illinois like your own. Their practice is focused in the area of estate planning.

As an educational service to the community, Polster and Associates presents a weekly radio show on WKRS 1220 at 1:00 p.m. every Tuesday called "Law Talk."

Police are searching for suspect in sexual assault

by SUZIE REED
Lakeland Newspapers

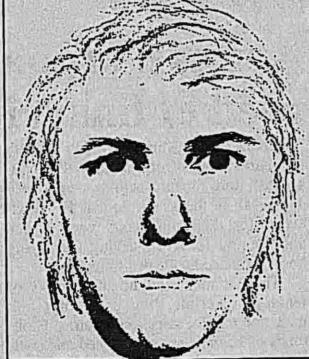

A 27-year-old Libertyville woman was the victim of a sexual assault as she walked along the North Shore bike path behind the 400 block of W. Park Ave. around 11 a.m. Aug. 16.

She was walking westbound on the path when the subject came up and grabbed her from behind and forced her off the path. He pulled down her running shorts and sexually assaulted her, then fled the area on foot.

The suspect is described as a white male, between 20 and 25 years of age, six feet tall, approximately 170 pounds, with a thin build and dark blond hair.

The woman was taken to Condell Medical Center where she was treated and released.

"We advise women to walk or ride with another person or else carry mace," said investigator Bill Kinast. Anyone with information on the suspect should call the Libertyville Police Department at 362-8310.

Police composite sketch of suspect.

Stepping stone turns out to be family memorial

by TINA SWIECH
Lakeland Newspapers

In the style of an old-time horror flick, Pam and Herb Schroeder unearthed something creepy in their front yard. The Fox Lake residents, have been uneasy about an unexplained mystery on the property that they will purchase in November.

While in the process of doing some landscaping, the Schroeder's uncovered what they thought was just a piece of old rock that they had been using as stepping stone.

When the slate-grey, odd yard decoration near a bush was turned over, it turned out that it was not just a piece of stone at all, but nothing less than an authentic tombstone.

Schroeder and her family members and neighbors were shocked and edgy. Last week upon discovering the piece, Pam said that the body doesn't belong in the yard. "If he's in there, I want him gone," she said.

The mother added that fear had overcome her three children and a possible body buried beneath her front yard, might be the answer to strange happenings and Poltergeist occurrences surrounding the household for the past several months.

"We've had some lights go on and off for no reason," said Pam. "The landlord has put in three kitchen lights and checked all the wiring, but couldn't find anything."

Pam believes that the flickering lights may have been the spirits way of telling them to find him. "Now that we've found the headstone, the lights seem to work," said Pam.

Pam, a concerned advocate to Vietnam Veterans and POW's, said that she has no real fear herself for the beloved Robert Krolik who died on April 29, 1952, and just wanted him to have a decent burial, if indeed he was buried in her yard somewhere.

Krolik, an unusual name to go with the unusual circumstances of finding his tombstone, was, according to the marker, a World War II Tech IV veteran. "If it's a

'If its a memorial to the man, then it can stay.'

-Pam Schroeder

memorial to him, it (the tombstone) can stay," Pam said last week.

And so the search was on. Old newspaper clippings were sifted through, with no results. A trip to the county coroner's office was in nil, and an excursion to the county clerk's office wasn't much help either, although a clerk employee Ceva Rivera did shed some light on the subject. "Apparently, if he died in Lake County, we should have had the death certificate recorded. He could have died in another county, and that's where his death certificate would be," said Rivera.

Bingo! after a week of making calls to different funeral parlors and cemeteries, Krolik's bodily whereabouts were discovered. According to a Fox Lake funeral home, a John and Clara Krolik, who died during the early 1960's were on record there.

Although still no mention of a Robert Krolik could be found, the unusual name of a close living relative to John and Clara was told by the Fox Lake funeral parlor. With one swift dial of the phone, Gary J. Krolik was reached, and the mystery was solved.

According to Debbie Krolik, daughter to Gary, Robert was an uncle to her father, and was killed in a car crash in 1952 on his way from Chicago to Fox Lake. Debbie had no idea whether or not Robert actually lived in Fox Lake with her grandparents (John and Clara), but they did put up a military marker in their yard at 98 Forest Ave. nonetheless, under a little bush, just where Pam found it.

Currently, the Fox Lake Police Department has the tombstone in their possession, making attempts to find who it rightly belongs to, including the military.

In the meantime, Pam said that she has no problems with keeping the marker up in her yard as a memorial to the man, if the family so wishes, and she will even honor him on Memorial Day and Veterans Day with flowers.

Nation's best lawn mower racers coming to Grayslake

Grayslake will again be home to the fastest riding lawn mowers in the nation when Sta-Bil Nationals are held at the Lake County Fairgrounds next month.

Saturday, Sept. 4 from 11 a.m. to 5 p.m. will see the latest in riding lawn mowers to some more than 20 years old compete. The goal is to raise \$10,000 for the Les Turner Foundation, the nation's largest independent organization dedicated to finding a cure for amyotrophic lateral sclerosis, or Lou Gehrig's disease.

The first race attracted 2,000 people and raised \$6,000 last year for ALS. U.S. Lawn Mower Racing Assn. (USLMRA) sponsors the event.

The fastest riding lawn mower, the Dixie Chopper, will be featured. It resembles a Shebly Mustang. It is powered by a 150 horsepower Chinook military jet helicopter engine. The world's slowest lawn mower, the Solar Powered Mower, will also be on display.

There will be a color guard, petting zoo, antique lawn mower collection and plastic push mower races for children.

"Many of our racers take it seriously while others do it for the fun of it," Bruce Kaufman of USLMRA said.

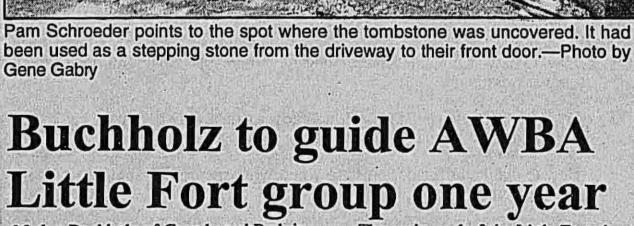

One of last year's winners, Rich Salemo of Hanover Park, is expected to return and try to defend his title.

Riding lawn mowers will race with all the cutting blades removed, after passing technical inspection. Racing classes include stock, prepared and factory experimental. Admission is \$5 for adults, \$1 for children under 12 and toddlers are free. All admission goes to the Turner ALS Foundation.

Kaufman said there are hundreds of racers throughout the country and the USLMRA gives an opportunity for structure.

"Lawn mower racing is very inexpensive," Kaufman said.

The sport has been featured on the ABC-TV sitcom Home Improvement, for which the USLMRA served as technical consultant. Lawn mower racing was listed by Parade magazine as the "worst" new sport.

Madge Buchholz of Grandwood Park is the new president of the American Business Women's Assn. (ABWA).

Buchholz is a 17-year member of the ABWA's Little Fort Chapter. She recalls how she joined the then three-year-old group.

"My tax lady, Grace Wiertz, was the one who got me into it," Buchholz said.

Buchholz has held the offices of president, vice-president, treasurer, and corresponding secretary.

"It has helped me become a better public speaker," Buchholz said of membership benefits

There are 41 members in the chapter, which at one time held some 100 members.

The main goal of the Little Fort chapter is to provide scholarship funds.

Buchholz is director of the book store at the College of Lake County, a position she has held for one and one-half years.

Her son, Dwight, a former Warren Twp. High School actor, works for Campus Crusades for Christ, in Athens, Ohio. Her daughter, Kimberly, is married to Rex McLaren of Virginia Beach, Va.

Her husband, Keith, works at Domino Amjet in Gurnee.

Other officers elected were: Pam Hall, vice-president; Betty Hickey, recording secretary; Betty McKenzie, corresponding secretary and Peggy Finkel, treasurer.

Animals orphaned by floods in need of financial support

The Hooved Animal Human Society is spearheading efforts to save the thousands of hooved animals in desperate need as a result of the recent floods. The Society has just delivered \$5,000 worth of feed and fencing to save starving and dying hogs displaced by the disaster.

There is an urgent immediate need for fencing materials, hog panelling, hog feed, and hay for horses and cattle. Thousands of animals are out of feed and shelter and farmers are out of homes and

money, these items are needed today!

HAHS has teams of people in the flood area seeking out and rescuing animals from trees and rooftops. Financial support is desperately needed. HAHS will see to it that 100 percent of the funds received will go directly to the needy.

Donations may be sent to Hooved Animal Humane Society, Flood Relief Emergency Fund, 10804 MConnell Rd., P.O. Box 400, Woodstock, IL 60098.

Lake County tows aid to Midwest flood victims

by MARK HAHN Lakeland Newspapers

Towing agencies throughout Lake County collected enough cleaning materials, clothing, canned food and other items to fill two 48-foot semi trailers to aid flood relief in Mississippi.

The collection was coordinated through the Salvation Army. Some of the items gathered for victims of flood waters include non-parished food items, clothing, blankets, bottled drinking water, rubber boots, lanterns, flashlights and batteries. Cash donations were also accepted.

According to Lake County Police Chief Stanley Iwan, the collection was an idea brought up by the towing agencies in Lake County who acted as the collection points where people could bring in items for flood relief.

"These items have been collected over the past several weeks, and stored at Taylor's Wood Shavings Co. in Wadsworth who donated the truck and the driver to transport the items to a place designated by the Salvation Army. The items will be transported to Davenport, Iowa and the Salvation Army will distribute them to the most needy."

Major Stanley Strissel, administrator for the Salvation Army Adult Rehabilitation Center, said that what the Salvation Army tries to do for flood victims is give them what they need to help get their lives started again.

"I was in St. Louis six weeks ago before the river crested the second time, where I helped to open up a

warehouse\distribution center," said Strissel. "A woman came in with a couple of vouchers for food, and when we finished, we had delivered almost a truck load of cleaning supplies, clothing, food and furniture to her new residence. She asked, 'How am I going to pay for this?', and we told her there was no charge. What we try to do is give people who are devastated what we can to help them start

Lake County Sheriff Clinton Grinnel expressed his satisfaction with the collection. "We are very pleased with the response we received, and we basically wanted to express our gratitude to the towing and repair firms that acted as the central point for drop off, and to Taylor Shavings for providing us with the warehouse and transportation for all donations. We want to thank everyone who was involved in making this a success."

Grinnel said the semis at Taylor Wood Shavings were loaded by inmate workers from the Lake County Jail, community service workers, and volunteers from the Lake County Police Department.

"We're very happy to have participated to help somebody out," said Gary Taylor, vice president of Taylor's Wood Shavings. "The Wadsworth police department asked to use our building and we were more then willing to help out because its a good cause."

Iwan said that Taylor Wood Shavings allows the Wadsworth Police Department to store items such as baskets to

distribute during Christmas time to the needy in Lake County. "We put them together with canned food, turkeys, and gifts for the kids," said Iwan. "They are quite generous in allowing us to use their facility."

Participating agencies throughout the county that have graciously allowed their facilities to be utilized as collection

points are Whitmore's and Airport 66 in Waukegan, Roger's Service and Kirschoffer Towing in Zion, Newport Fire Department and Taylor Farms in Wadsworth, H&H Towing in Libertyville, Schneiders Towing in Barrington, Northeast Illinois Towing in Grayslake, Ernie's Towing in Vernon Hills, and A-County Tire in Round Lake.

LIPSERVICE

IT'S THE TALK OF THE TOWN

GET "IT" OFF YOUR CHEST (708)223-8073

Lipservice is a phone-in column presented as a feature of Lakeland Newspapers. Lakeland Newspapers makes no claim to the authenticity of the statements. Lakeland Newspapers does not claim the content or the subject matter as fact, but as the personal opinion of the caller. Lakeland Newspapers reserves the right to edit copy or to refrain from printing a message. Call in at 223-8073 and leave your message 24-hours a day. Although the call is anonymous, please leave your village name.

Planning uprising?

I am calling from Mundelein about our very high taxes. They have almost doubled in the past few years. They are bleeding us to death. They are bringing the city to the country. We need a taxpayers revolt. I am mad as hell and not going to take it anymore!

More mysterious ways

We do not know why God intervenes in the things that he does, but we trust him. Out of the holocaust, the Jewish people did get their land back. God has reasons.

Helicopter blues

Is it absolutely necessary for Libertyville residents to have to put up with helicopter maneuvers out of Glenview at 6 a.m. or 10 p.m.?

Has a point

I live in Channel Lake. Concerning the riverboat issue, I'd like to say that if we are so interested in the tax dollars for schools and children - then we should be concerned about the children. Why would anyone want their children to grow up in an area with gambling, drinking, and drunk. driving?

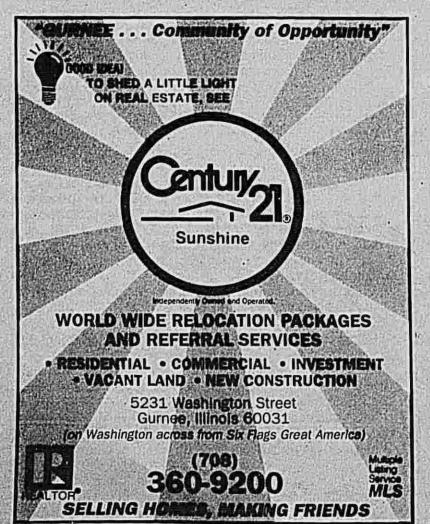

Drive by shooting?

I am calling about the jerk who travels around in his trailer shooting sitting and sleeping wood ducks from his window. He shoots them from his vehicle window when they are on people's property on Long Lake. That is not sporting or legal.

Got helped

This is "Teen dilemma." I want to say thanks to "Good advice" and "Similar advice." You guys really helped me.

Huh?

I am from Antioch and was disappointed not to see our mayor's picture in the paper. I hope that next week you do not fail me. Put our mayors picture back into the paper, it is a tradition that you should continue.

Stick up

Why are the yard waste stickers in Round Lake Park \$2.50 when others only have to pay \$.50? I was just wondering.

Stem the crowds

I live in Antioch. For the last two years the people of Antioch have said no to the riverboats and the overhead electrical lines. Still, the town officials never vote in favor of the people. What is your plan? To build out Antioch like Schaumburg?

Dangerous practice

Whatever happened to the law requiring helmets for motorcyclists? All they have to have is a fractured skull and brain damage, like me. Then, they will wear their helmets.

Voter disappointment

The last year's referendum voting on the riverboat gambling proposal was unconstitutional. You do not have a referendum to be used like a survey. It is very disappointing to voters. Why bother to vote at all? I am from Antioch.

It's in the mail

We live on Westerfield and wonder why we cannot get decent mail service? We never have the same mail carrier for over a week. The one we have now dances back and forth from house to house because he does not know where he is going. Do you think the post office could do something about this. It seems like every time the rates go up, the service gets worse.

More from spellchecker

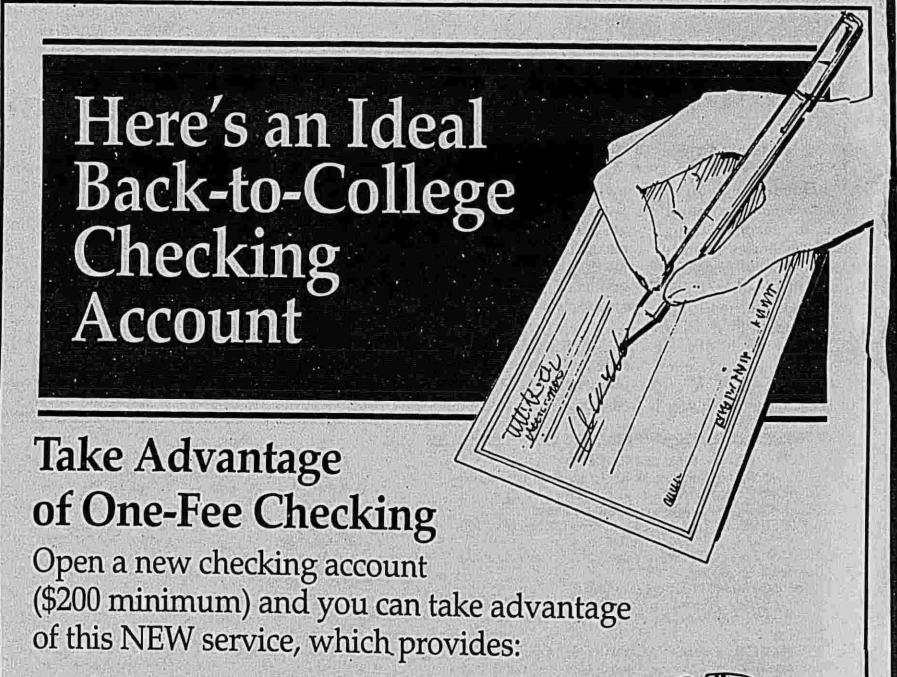

The same person who selects what is to be printed in Lipservice, must be the proofreader. This would explain the failure to print two relatively innocuous contributions intended as constructive criticism. Then you print some hateful and counter-productive pieces. Unless, what I said stepped on some toes.

Editorial note: Dear Reader, wrong again! The notes that were not included seemed to be a continuation of your complaint with our proofreader. It seemed unnecessary to repeat your message.

Job hunting

Since it looks like the riverboat casino is coming to Antioch whether we want it or not, where can we apply for a job? Might as well make the best of things.

Troop 92 Scouts win honors at summer camp

Scouts from Antioch's Boy Scouts of America Troop 92 worked hard and played hard during the troop's two week summer campout at Camp Owasippe, Mich. One of America's largest Scout reservations, the camp is located north of Muskegon near Whitehall. Camp Owasippe provides a wealth of opportunities for Scouts to acquire knowledge and skills in the outdoors, obtain individual and team leadership experience, and have lots of fun.

Twenty-one Scouts collectively earned 98 merit badges in such subjects as environmental science, canoeing, wilderness survival, swimming, first aid, forestry, life saving, camping, weather, hiking, basketry, emergency preparedness, leather work, cooking, shooting and astronomy.

The boys who attended included Conrad Adkins, Eric Burgess, Gene Byrne, Andrew Dalgaard, James Dalgaard, John Dunklau, Scott Dunklau, Brandon Francke, Eric Francke, Eric Geyer, George Girten, Eric Green, Scott Kudingo, Geoff Landrum, John Landrum, Adam Niles, Jesse Saltzman, Johnathan Sladek, Stefan Skadek, Brian Weston and Steve Weston. Eric Francke and Stefan Sladek served as senior patrol leader during the first and second weeks respectively.

The adult leaders who attended during

the first or second week included Scoutmaster Ray Landrum and Assistant Scoutmasters Bill Geyer, Paul Green, Jim Ratajczyk and Dick Weston.

Each week Troop 92 earned the Baden Powell Award for improving and maintaining their campsite. In addition to their merit badges, the Troop earned 24 Individual awards. Geoff Landrum and Steve Weston earned the BSA Lifeguard Award. The NRA Marksman or Promarksman Award was won by James Dalgaard, Eric Francke, Geoff Landrum and by adult leaders Green and Landrum. Eric Francke completed Project COPE (Challenging Outdoor Physical Experiences).

The weekly Camp Wolverine Canoe Race was won by Brandon Francke, George Girten, Jesse Saltzman and Scoutmaster Landrum. The 12 Scouts who completed the Wilderness Survival program included Adkins, Byrne, the Dalgaards, Scott Dunklau, Brandon Francke, Geyer, Girten, Green, Kudingo, John Landrum and Niles.

Troop 92 is sponsored by Loyal Order of Moose Lodge 525 and meets at the Antioch Scout House on Tuesday evenings from 7 to 9 p.m. For information contact Scoutmaster Ray Landrum at 395-0958.

Boy Scout Troop 92 at Owasippe Camp.

Film plans are finalized

by MARY FOLEY
Lakeland Newspapers

Plans are being finalized for the filming of the BBC documentary in Antioch. Lt. Towns-end and his dog Lancelot of the Lake Country Sheriffs Department will be featured in the film. The film will be shot at Cross Lake in Antioch.

On Aug. 23 at 9 a.m. filming will begin west of the Antioch Public Works. A helicopter will land and the opening scenes will be of Towns-end and Lance leaving the copter. The action will then move to Cross Lake at Oakwood Knolls Beach.

Towns-end and Lance will then get into a pontoon boat with two other divers. The final segment to be shot in Antioch will be the recovery of the fictitious drowning victim.

The segment will not depict any real event or any particular drowning. It is a "generic" accident.

Cross Lake was selected because of the ease in securing the area, the visibility in the water, and the scenery. The film makers did not wish to have an asphalt background and the Cross Lake Beach is very attractive.

The filming is expected to take place Aug. 23 and 24 from 9 a.m. to 6 p.m. Of course, all of this depends on the weather.

The film will be aired around Christmas time in 50 countries. The segment filmed in Antioch is part of a larger documentary about animals assisting law enforcement and rescue personnel. The Village of Antioch will be presented with a copy of the film upon completion.

to make a determination. As usual, O+ donors are especially welcome because they are universal donors. But, all blood types are needed. For more information call Ms. Salak at 395-3111. Make-up registration

being donors. The agency will

interview each individual case in order

If you have missed the regular registration time for Antioch High School the make-up date is on Friday, Aug. 20 between 1 p.m. and 3 p.m. Remember to bring the registration fee, a completed student information form, and if a freshman, the freshman physical exam form.

Recycle oil

Changing your oil and can't figure out what to do with the old stuff? Grass Lake Automotive, located on 26983 W. Grass Lake Road will accept used oil. Call 838-0889 for more information.

'Seasons Readings'

The Antioch Public Library District will begin its fall reading program on Sept. 22. The theme this year is "Seasons Readings." A preschool storytime for three and four year olds as well as storytime for five year olds. On Saturdays school ages activity hour for grades first through fifth will be conducted. Registration will be Aug. 30 through Sept. 11. A current Antioch library card is required to participate. A signer will be made available to children who need communication in sign language. Three weeks advance notice is needed. For more information, call 395-0874.

Hastings Lake adds to school care program

by MARY FOLEY
Lakeland Newspapers

Hastings Lake YMCA has added a kindergarten enrichment program along with a "before and after" school camp to the roster. In recognition of the growing demand for school age child care services, Hastings' has developed these programs.

The enhanced kindergarten will extend and reinforce the child's regular kindergarten experience. Providing both a fun and motivating approach to learning, weekly swimming lessons will also be included.

Daily exposure to art and music will allow the children to express their creative talents. Through the educational environment, children will experience activities that will enhance reading, language, math, and science skills. An extended kindergarten program is also available.

The cost of this program is \$45 for YMCA members and \$55 for non-members. The will be both an morning and afternoon enrichment program. Children will be transported in seat belt equipped YMCA vans from their regular kindergarten schools. Hot lunch and snacks will be provided.

The after school camp includes weekly swimming lessons, archery, hiking, boating, cooking, and nature studies. Both active and relaxed activities will be scheduled daily. The camp will escort children to and from the program location.

All staff are experienced state licensed educators. They are certified in CPR and first aid and receive continuous training in child development, safety, and creative teaching methods.

Registration for these exciting programs are filling quickly. Call 356-4000 for fee information and schedules.

Local parents work to support music program

The Antioch Music Parents Support Organization (AMPSO) is presently raising funds for the Antioch High School music programs. The group is raffling off a beautiful California Classic 1967 red convertible Mustang.

The car, sponsored by Lyons and Ryan Ford and First National Bank of Antioch has been making the circuit to all the local festivities including the Antioch's 4th of July celebration and Taste of Antioch. The drawing for the car is scheduled either for the Antioch High School's homecoming, or whenever all the tickets are sold, whichever comes first.

The car is scheduled to be appearing at the upcoming Midwest Ford Show on Aug. 22 at Lyons and Ryan Ford.

PM&L's 33rd season takes off despite expansion

PM&L

The 33rd season of the PM&L Theatre will be presenting the following six plays "The Sunshine Boys," "Wait Until Dark," "Nunsense," "Run for Your Wife," "The King and I," and "The Foreigner." Since the PM&L will be engaged in expansion construction during this up-coming season, some shows may be presented at different locations.

If you are a frequent, theatre goer, watch for possible date and location changes during this expansion period. There are three pass choices to choose from 1) a six-show pass for \$40, 2) mini-series pass for \$21 and 3) a senior citizen/student pass of \$30. For more information or reservations, call 395-3055. Theatre goers may also purchase individual show tick-

Help

To help keep the PM&L Community Theatre "alive and well" in Antioch, consider giving a sustaining contribution of \$150 and become a PM&L "Angel." This will entitle you to two season tickets and a program acknowledgment.

An annual contribution of \$75 designates a PM&L "Sponsor" for one season ticket and also a program acknowledgment. If you would like more information concerning a contribution to the theatre, please contact the theatre.

Special Visitor

Mary Kouba, a cousin of Don Bergl of Antioch, Leonard Bergl of Lake Villa and Lois McDonna of Antioch, recently visited from Florida. During her visit, she stayed at Lois's beautiful Harbor Ridge condominium. Her visit created many special and memorable family moments and everyone is looking forward to her next visit to the Antioch area.

Happy Birthday

Lois McDonna will be celebrating her birthday on Aug. 25 and I now extend

her a Happy Birthday from "Lizard" and readers.

Garden Talk

If you are looking for a low, far spreading, ground cover perennial that produces a "beautiful" show of color from spring until frost, put in a few Hardy Verbena plants in spring. They spread like strawberries, meaning the new

Hometown Goodies

shoots establish their own roots. The leaves are a beautiful dark green and fairly large. The flowers are a "gorgeous" flock of many little purple flowers making up the large flower.

This spring, I put in only four tiny, wee, little plants and they have spread to cover an area about 15 feet by three feet. They are beautiful and have joined the ranks of my favorites, moss rose, petunias, impatience and marigolds. The difference being they will come up each year, saving me some work and some coins.

Board meeting

The Aug. 10 Grass Lake School Board meeting was well attended. The following items were approved or discussed at the meeting. The board elected Marie Brausam vice-president; the proposed 1993-94 school budget was received by the board and the budget hearing will be held at the regular September board meeting;

the budget is currently on In my opinion, all children display at the school for public viewing; board members were reminded of the Aug. 24 visitation by Jim Kern.

Approval was given for the math curriculum proposal prepared by Inna Kerrigan; the board accepted the resignation of Jennifer Walter as music teacher; Sherry Kirby and Deanna Grandfield were hired as school bus drivers; the playground committee presented their recommendations to the board and the Board approved the purchase of the new equipment, excavation of the ground and removal of the old.

The Board also received an up-date from the Recognition Committee; the board accepted the 1993-94 student handbook and discipline handbook; the board set Sept. 1 as the date for interviewing the applicants for the board vacancy created by the resignation of Ardeen Harris; and the board approved the Bloodborn Pathogen Exposure Control Plan as prepared by Superintendent, Dr. Ruth Bill.

The next monthly meeting of the GLS Board will be Tuesday, Sept. 7, in the school's media center, at 7 p.m.

New/Old

I recently watched an old episode of "Little House on the Prairie," in which Laura became a school teacher. She was only sixteen years old when she received her teaching certificate. Her first job put her in charge of a one-room school house teaching many children, several of which were close to her own age. "Naturally," she did a magnificant job. Is this how it was in the old days? Could this be a new way to go for the future?

A wonderfully wise, former Grass Lake School teacher, now retired, once told me "good teachers are born not made." With each passing year, I understand her long-ago profound statement more and more.

who come in contact with a "natural born" teacher benefit in many ways, for many years. I truly believe that teachers who consider teaching a special, rewarding vocation, rather than a job, care in a different way that produces

positive results. I now extend a "hip hip hooray" for all the "natural born" teachers out there and thank them for entering a field that can be very demanding and frustrating at times, and having the foresight to realize it is also very rewarding when done right, for the right reasons. Keep up the great work and

Weird observation

As you read the following, bear in mind that I fully realize I am "odd, but true." I do not need "x" amount of people calling me to tell me about my strange mind after reading this column entry. As I was vacuuming up an enormous amount of Bertha's dog hair, I began to ponder why some dogs shed and others do not. I realize a thick coat helps insulate animals against winter's cold. However, Bertha's appearance actually changes drastically in the summer. Her thick, wavey, red fur literally becomes a crew cut by I am sure you all know who Aug. only to rethicken in

My mind kept going, what if humans lost (shedded) hair in the summer months? Oh what a disgusting thought, not to mention sight. I imagined it would be wise to buy stock in a hat company as people would take to wearing hats of all kinds if temporary summer balding was a reality. In closing, I definitely got tired of cleaning up after Bertha. You should see her now. I shaved her bald, except for a small amount on the top of her head and the tip of her tail. Granted she looks "ugly" but my carpeting looks beautiful. Sorry,

Bertha, I am old and lazy.

October and November.

-Anniversary

Golden Anniversary

George and Margaret Andersen of Woodstock will hold an open house at their home, 618 St. Johns Rd., Woodstock, from 2 to 4 p.m. on Sunday, Aug. 28 to celebrate their 50th wedding anniversary.

Mr. Andersen was a former resident of Antioch. He is the son of the late Gorm and Amalia Andersen who were long time residents of Antioch.

Mr. and Mrs. George Anderson

People News

Rebound volunteer

The volunteer services of Lloyd B. Peterson, Grayslake, to REBOUND, Inc., has prompted a \$500 contribution to the organization from the New York Life Foundation. The grant was made under the Foundation's Local Volunteer Action Program, whose purpose is to encourage and support employee and agent involvement in grass-roots, communitybased organizations. Peterson is an agent with the Northern Illinois office of New York Life Insurance Company, Peterson has been a volunteer with REBOUND for over three years, serving first as vicepresident of the board of directors, and currently as its secretary. REBOUND provides community-based residential and day programs for adolescents and young adults. The program is unique in the state

of Illinois as the only program to provide these services to youth at risk.

Graduates

Southern Illinois Univ. at Carbondale awarded 3,127 graduate and undergraduate degrees at spring commencement ceremonies. Among those receiving degrees were Eric Anderson, BS and Laura Knigge, BA of Antioch.

Enlisting

Rob Palmer of Antioch will be reporting to basic training at Fort Knox, Ky., Oct. 13. Palmer graduated from Antioch Community High School in 1991 and is the son of Richard L. Palmer of Fox Lake. He will be trained as an Army Patriot Operator and Systems Mechanic at Fort Bliss, Texas.

volunteers sought

HELP WANTED carpenters, plumbers, electricians and painters needed to volunteer for humanitarian renovation project.

The PADS (Public Action to Deliver Shelter) program is setting up a new permanent daytime resource center called PADS + Place at 214 S. Genesee St. in Waukegan.

Any group or skilled individual wishing to donate time to this worthwhile project may call the CONNECTION office at 362-3381.

DICK WITT 894 Hillside Antioch 395-1089

Like a good neighbor, State Farm is there.

State Farm Insurance Companies Home Offices: Bloomington, Illinois

Operator John Lape sits at the helm of the state-owned dredge while officials from the Waterway Agency look out onto the Lotus Woods channel that will soon be cleared. From left, Don Longmier; Executive Director Karen Kabbes; John Lape (seated); Jon Lund, Chairman Dr. William C. Dam; and Wayne Blake.-Photo by Tina Swiech

Agency hauls away sludge

by TINA SWIECH Lakeland Newspapers

The bearded foreman looked out past the bow of the hydraulic steel dredge and into the muddy water of Lotus Woods, churned by the giant corkscrew that cut the bottom of the channel as if the mud were chocolate pudding.

A large hose, a mile in length, sucked up the debris like a vacuum, where it eventually reached its destination of the Ackerman Island containment site's first of three dewatering ponds.

John Lape explained that he began sitting at the helm of the state-owned dredge at least eight hours a day for the Chain O' Lakes Fox River Waterway Management Agency, when the dredging project began in June of this year.

The second largest undertaking in five years, the dredging had to be done so that the channels could once again be navigational.

d

"For at least 10 years, residents couldn't get through (the channel)," said Karen Kabbes, executive director. In fact, Chairman of the agency Dr. William C. Dam noted that last summer, prior to some of the dredging, he went out to examine the site with Army Corp of Engineers Col. David Reed, and their pontoon boat actually got stuck in the sludgeridden channel, as well as their boat-paddle that was used to try and loosen the craft with.

At the start, the Lotus Woods project, took the agency eight years of negotiations with the Army Corp of Engineers, in order to obtain permits so that the silted-in channels could be cleared, according to officials.

Dam said that he was sworn in as chairman on May 15, 1992 at 10:45 a.m., and by noon he and fellow agency directors were in Chicago with Col. Daniel Inouye of the Army Corp of Engineers. "It was a very fruitful meeting," noted

Since that time "We have received more army corp permits in the last eight months than we have in the last eight years, " noted Dam.

Over the winter, five-thousand truckloads of sludge have been removed from the state owned Ackerman Island, from a previous dredging project at Grass Lake channels, at a cost of close to a quarter of a million dollars.

Kabbes noted that when the current project is completed, approximately 9,000 truck loads or 90,000 cubic yards of sediment will be taken from the dewatering ponds on the island, that has been dredged up in the channel.

The sediment that piles up on the island, from the piped-in sludge of the channel is good material, according to Kabbes. The six-feet deep black dirt has no odor, and is chemical-free since there isn't any industrial around the site, she explained.

Last year, the dirt was awarded to the highest bidder who would come and haul it away, said Kabbes. It went to a construction firm, who used the dirt for topsoil in a subdivision. The executive director noted that the agency would be delighted if they could somehow market and sell the tons of dirt that come out of the channels, but unfortunately they don't have a base of operation currently.

Reasons why the channels become silted-in with an overabundance of sediment is due to natural causes, explained Dam and Kabbes. Over the years things such as housing developments near the lakes can allow dirt to run off and into channels. Also, causes such as far away Waukesha, Wisconsin farms near the Fox River, can attribute to the problem, the officials noted. Kabbes said that a recent origination of excessive channel sediment may also have been caused from the Nippersink Creek being flooded, which amounted to basically "dumping buckets of sand into the channel."

Community spirit alive and well in Antioch

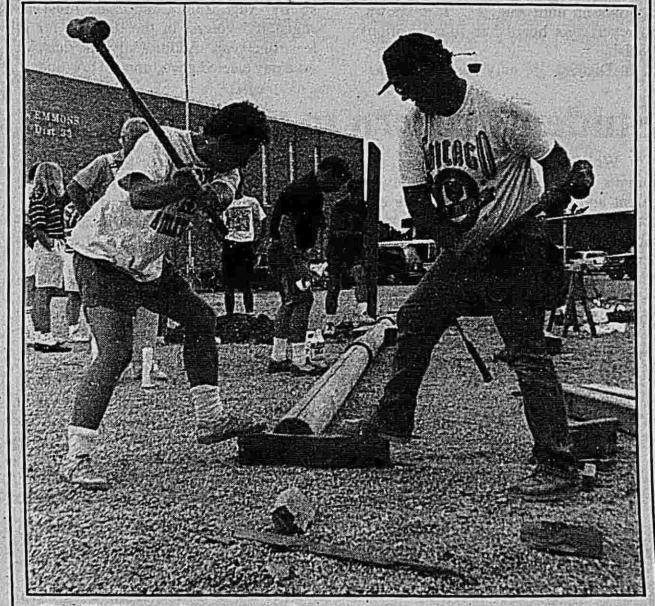

This weekend, hard work and community spirit met at Emmons School in Antioch. After obtaining funds from the Emmons PTO and additional fund raising activities, volunteers met to build a playground.

"We had a wonderful turnout and a great experience," said volunteer Melonnie Hart. "The weather was nice and everyone came out to help."

It is estimated that over 60 parents, students and residents turned out to give a hand. The workers added additions to the current playground structures and put in a "snake." According to Hartl, everyone worked so hard it only took one day to build. A much shorter time than expected.

The chairperson of the Playground Committee was Debby McWherter. The new park is located on the corner of Route 59 and Beach Grove, with the entrance off Beach Grove.

The date of the official dedication is not known, but make sure to stop on by to see what hard work and dedication can do!

Building it together

IDOT bans right turn from Rte. 173 into Eagle Ridge

Despite the numerous requests from residents, the Illinois Department of Transportation (IDOT) has refused to place a right turn lane into the Eagle Ridge subdivision in Antioch. According to Tim Well, Antioch's village administrator, IDOT said that the subdivision does not generate enough traffic to merit a right turn lane.

Residents have been complaining that they find themselves in a dangerous position when attempting to pull into the subdivision when going east on Route 173. Apparently, cars attempt to pass causing near collisions for the residents.

Instead of the turn lane, Wells told the Antioch Village Board that the state has a written order to add in a double painted line, in an effort to eliminate the problem. In addition, the curb will be cut back so that if drivers do go off the road, they will not drive over the curb.

Flight for Life in-service ride provided real training

After several passes, the Flight for Life helicopter landed at the Antioch Rescue Squad on Monday, Aug. 16. The good news is that no one was injured; it was the regularly scheduled in-service training for the rescue squad.

Landing with a pilot, flight nurse, and flight paramedic, the team arrived to review proper patient transport with the squad.

The Flight for Life planned in-service

program provides the nuts-and-bolts of coordinating a rescue effort. Issues like approaching the helicopter, securing the area to avoid bystander injuries, and patient handling were to be covered.

At the sight of the helicopter, cars were slowly driving by and a group of young people on bicycles showed up. As gapers were standing around, 1st Lieutenant Timothy Osmond noted "This simulation is very real."

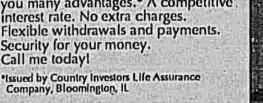

No wake ordinance read

The first reading of the Cross Lake no wake ordinance was read at the Antioch Village Board meeting. Citing public safety, erosion, and other dangers, the only Illinois channel to Cross Lake will be a no wake zone up to 100 feet into the lake.

Police will put up signs and buoys posting this zone. A fine of \$50 to \$500 will be issued to those violating the no wake ordinance. The ordinance is expected to be approved by the Antioch Village Board at their next regular meeting.

School board candidates file as deadline nears

The filing deadline for petitions of open spots on local school boards is drawing near. Candidates must file between Aug. 16 and Aug. 23.

In District 117, Antioch Community High School John Olin will appear first on the November ballot. Randal Mathes has taken the second spot and Larry Peterson, who has already been on the board for two years, will try to earn a four year term.

At this time, District 34, which includes Antioch Grade School, Antioch Upper Grade School, W.C. Petty Elementary, and Oakland Grade School has refused to release the filing information until Aug. 23. It is known, however, this board has four positions available.

In District 33, only Janet Quist has

filed to date for a position on Emmons School Board. It is expected that some of the board members with expiring terms will return.

At Grass Lake School, District 36, a lottery will be needed to determine the candidate featured at the top of the ballot since four candidates filed first. Sally Hiller, Elizabeth Schmehl, John Gollon, and Marvin Dawson will compete for that top spot. Linda Boerman and Cynthia Marquart will also appear on the ballot. Patricia Santiemmo is petitioning for a two year term.

Anyone interested in filing for a position on these school boards must do so by Aug. 23. Candidates must be registered voters, in the district, for at least one year. Additionally, they cannot hold any elected governmental position.

Students return to class Aug. 24

While the calendar tells us that summer continues until Sept. 22, every parent and student knows that the end comes much sooner. With the shopping, inoculations, and school physicals completed, most preparations for the first day of school are over.

The first day of school for District 34, Emmons and Grasslake school districts

will be Aug. 24, except for kindergarten students. Kindergarten students will begin school officially on Aug. 25. Emmons students will have a half day on Aug. 24 but will be dismissed at 11:30

While officially summer lingers on for another few weeks, ask any kid. They will tell you, Summer is over!

'Youth Harvest' to provide hope

This South African team will present their message of "Hope in Jesus" at the Antioch Evangelical Free Church, 42429 N. Tiffany on Sunday, Aug. 22 at a special 6 p.m. program.

"Youth Harvest" brings to their North

American tour a unique blend of drama, music, and movement with an African touch that captivates audiences of every age level.

They address the kind of circumstances that young people find themselves in.

Revitalization

(Continued from Page 1)

that was interested in the village. The government had the foresight to say we have a community and we don't want to lose it." LeMere said of Naperville. "We have a very progressive village board. People don't know how lucky they are to have a village government like we have."

A special meeting of the Antioch Village Board is planned for Aug. 25 to award the bids for the Orchard Street Project. The bids are to be opened at 11 a.m. on Monday, Aug. 23.

"There's been a lot of planning, but people want to see some action," said LeMere.

That planned action is expected to come in the form of Phase 1 of the revitalization plan. With the extension of Orchard Street to Depot Street, a town square will be created. The Square will include several walkways which will link up natural areas such as the Mill and the courtyards, with sites such as the Historical Society, as well as area

Assuming passage by the village board, Phase 1 is due to be completed by late spring of 1994 or early summer. The village is currently looking for volunteers to serve on a beautification committee and help with landscaping and flower planting in the square.

"It's going to be very exciting for the businesses and residents to actually see something finalized. We're giving them something to get excited about." said

ANTIOCH

Criminal trespass

David M. Douglas, of Antioch, was arrested on Aug. 23 when he was spotted by officers on the scaffolding of the Antioch village water tower at 2:33 a.m. Douglas, age 18, told officers he was taking pictures. Douglas was taken into custody, processed, and released.

Aggravated assault

Allen L. Chase, of Madison Wisconsin, was arrested on Aug. 14 after allegedly becoming intoxicated and pointing an Ekco Etenna eight inch butcher knife at a young man during a verbal argument. Chase was arrested pending bond.

Disorderly conduct

Timothy Cook, of Antioch, was charged with disorderly conduct on Aug. 13 after allegedly through a vacuum cleaner through a vehicle window in an apparent domestic dispute. Cook was released on his own recognizance.

Alfred Lambert of Antioch was arrested on Aug. 13 for driving on a revoked license. Apparently, an officer who

knew of the revoked status saw him driving and stopped him. Lambert was also charged with driving with no insurance and not having a village sticker. Lambert was released on a recognizance.

Traffic/Warrant arrest

Robert Karno of Antioch, was stopped for failure to signal a turn. During the traffic stop, the office discovered the outstanding warrant. Karno was charged with failure to signal, operation of an uninsured vehicle, and not having a driver's license on his person. Karno was released on a \$200 recognizance bond and then taken to Lake County Jail for 'the

Another poem

I wish that I could clearly see
The poem that's brewing deep within me
Whenever the words play hide and seek
I'm sure to be trapped at least a week

I wish that I could clearly dive
Through a turquoise-lustrous sky. And arrive
In a poet's land of whimsicality
Where metaphors dance, and dance with individuality
Phil Racette
July, 1993

Poets at large

Editorial note: Once again we have to ask people interested in having their poems published in Lipservice to mail in their submissions. It is nearly impossible to correctly transcribe grammatical marks from a tape.

Hot time

It is time to put air conditioning in the Lake County Fair exhibition buildings. It was really too hot to enjoy the exhibits in there.

Lost and found

It would be extremely nice if the person who found the blue box of coupons in the Walmart cart in Vernon Hills would return it to the store. I was upset because both of my children were sick and accidentally left the box. It makes me sad to think someone would take something that does not belong to them. I would appreciate your honesty.

Friendship

This is to my best friend. I know that we are going to different high schools, but no high school will ever tear our friendship apart. I want to brag to Lake County that I have the best friend in the county. I miss you.

Enjoyed festival

We are from the village of Lake Villa. Because we are within walking distance of Lake Villa Days, we go every year. We will remember the 1993 Lake Villa Days for a long time to come!

Another cat killer?

Round Lake, you have a dangerous gun-toting animal shooter on Kenwood. Maybe the kids next?

Shopping woes

When is Fox Lake going to wake up before everyone moves out. We need more retail stores. Get busy here! Get on the ball.

Wash your mouth

The CB'er Buckwheat could use a bar of Ivory stuck in his mouth. He is the most arrogant of them all. He thinks he is funny, but he is just obnoxious and rude. Stop the dirty language and sexual jokes. Save it for your home!

Task force idea

I am from Lake Villa and very concerned about gangs in the area. I think the new task force addressing gang problems has omitted one detail. To get off on the right foot, you need to involve teenagers and young people. It is obvious in other areas that when the young people set these things up, they are more effective. The young people should run these groups with adults supervising. I hope the task force will make public the date and time of their next meeting. I would like to attend.

Make it permanent

I would like to voice my support of the chief of Fox Lake police. The question of whether or not he should get a permanent appointment is ridiculous. He has always been the best man for the job. He has paid his dues and the police department has never been better. Fox Lake, don't blow it. The best man for the job is already on the job.

No more taxes

I live in Fox Chase in Round Lake Beach. We are serviced by the Lake Villa fire protection and rescue squad. They have been doing a very fine job and a good job. I understand that Round Lake Beach wants to cover our area now, raising our taxes without improving service. We would like to stay with Lake Villa and save my tax money.

Second hand remarks

This is to all the rude, ignorant, cruel and insensitive people who go to garage sales. Please keep your rotten comments to yourself. Remember, one man's junk is another man's treasure. If you do not like the price of an item, you can always negotiate. Get a life!

Car troubles

I live in the Round Lake Park area. Where are the police when you need them? They used to police the Park regularly. There is parking in the streets all night making it hard to get into your driveways. There are also many speeders. For the sake of the children in the neighborhood, please slow down!

No asphalt

This is a bravo and special thanks to the business owners of Fox Lake for telling the board the asphalt plant will bring no sales tax revenue and businesses will have to pick up the tab. Thank you from the concerned Grant Township citizens.

Police complaint

I'd like to make a complaint against the Lake Zurich Police Department. I was wondering why only the three minority kids were put on the hood of the cop car and searched. No Caucasian guys were searched or frisked. Wauconda kids get treated bad and get kicked out. Does this police department have some policy against visitors?

Rules of the road

One of these days, the police departments in Lake County and the State of Illinois will get on the stick and teach those that use the road just how to properly use them. I do not mean auto or truck drivers, I mean bicyclists and pedestrians. Pedestrians should walk on the left side of the road facing traffic. Riders should be on the right side of the road with traffic. They both need to obey the rules of the road. Hand signals and following road signs are required. A few moments ago, I almost killed a child who ran a stop sign. He did not look either way, he just came out like a bat out of hell.

Mind your own business

I would like to confront the customer I ran into in the store this morning. I was purchasing a pack of cigarettes with my daughters, and this woman very bluntly told me that I did not care for my children because I was purchasing cigarettes. Listen lady, first of all it is my right as a citizen to purchase cigarettes, secondly since when are you listed as my children's guardian? How dare you tell me how to raise them! Smoking is a habit, but it does not make a person a bad person. I do know a lot of excellent parents that smoke. I am not condoning smoking, but it is my right! Are you such a perfect person? We all have vices, but I do not want to know yours.

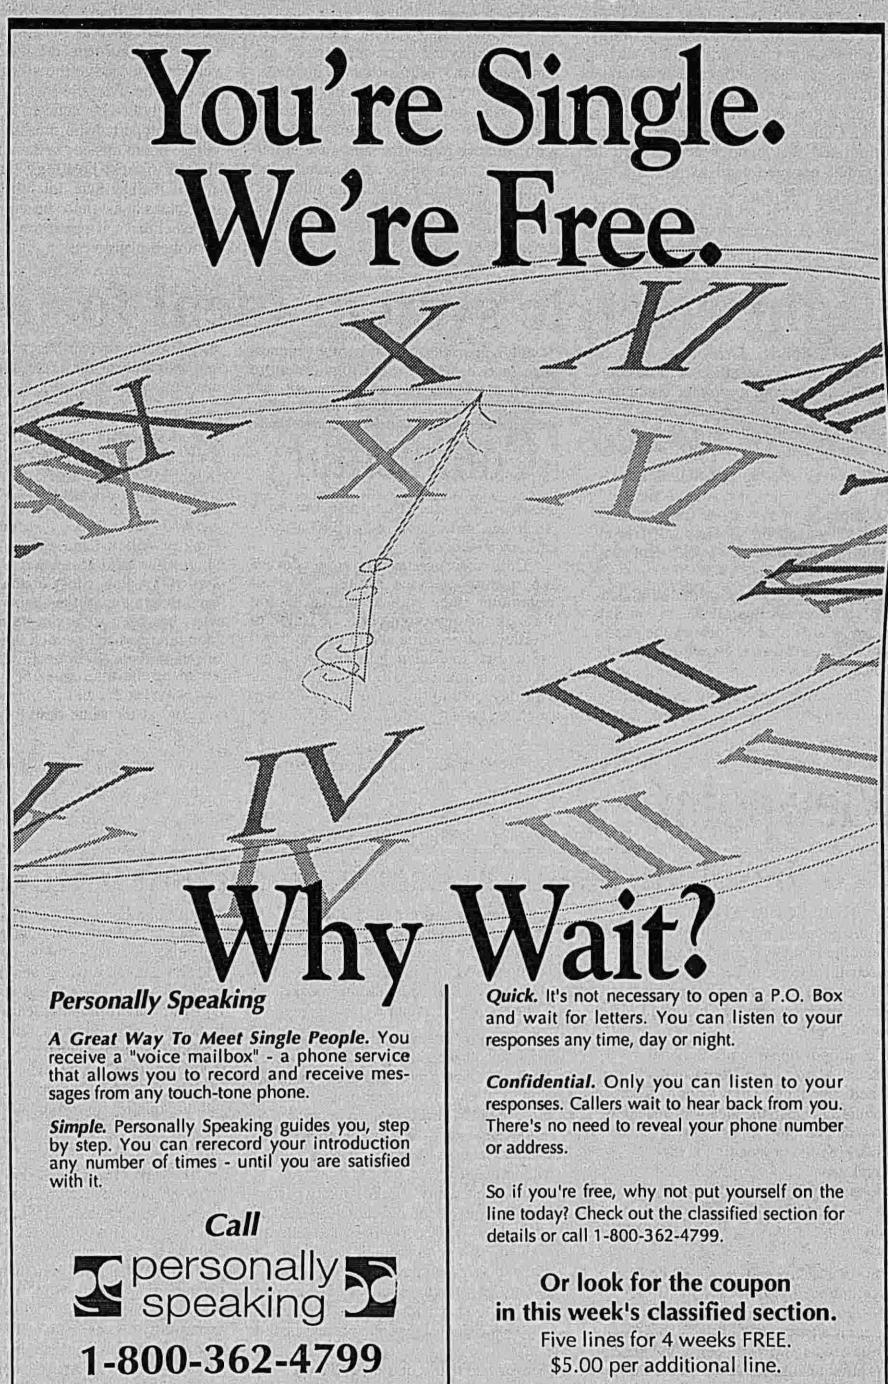

Wants pay cuts

I just want to say that I would not donate a dime to the Round Lake School District! I think it stinks. Why doesn't the administration and teachers volunteer for pay cuts before asking for more money? That is what they should do. This is terrible.

New business

It is about time that a new business opened up in Round Lake Beach that wasn't a muffler shop or a video outlet. Looks like on Rollins Road there is a slot car track. Now that's what I call ingenuity.

(Continued on page 14)

Sensible growth plan

Practical, inexpensive Forest Preserve expansion program being put before voters Nov. 2.

Commissioners of the Lake County Forest Preserve Dist. are deserving of commendation for the carefully crafted and practical improvement program that will be presented to voters in a Nov. 2 referendum.

The \$30 million being asked is reasonable and realistic for a county as large in population and resources as Lake. As designed, the money raised through the issuance of bonds if proved will be utilized in a fashion that ought to satisfy both citizens desiring to preserve open space for posterity and taxpayers who wish to get immediate return for their hard-earned tax dollars turned over to government.

Cost of the bond issue to the typical homeowner will be minimal, the benefits far outweighing the monetary outlay. Approval of the bonds would add an average of only \$6.40 per year to the tax bill for a home evaluated at \$150,000.

Forest Preserve officials, also sitting as Lake County Board representatives, have stipulated that bond proceeds will be divided between land acquisition and developmental projects.

About \$20 million has been tabbed for purchase of additional properties. The \$10 million balance has been earmarked

for development of the Des Plaines Trail, expansion of the Fox River Recreation Area near Wauconda, and upgrading of preserves such as Middlefork Savanna near Lake Forest, the county museum at Lakewood Preserve on Rte. 176, the Greenbelt Preserve near North Chicago, Cuba Marsh and Grant Woods near Fox Lake-Ingleside.

The River Trail is an exciting and ambitious route 33 miles long that will provide facilities for hikers, joggers, bikers and horseback riders. The trail is an example of how commissioners are making forest preserve facilities available to the largest possible number of people.

One of the most important facets of the expansion program is the commitment on the part of commissioners to acquire new lands in cooperation with landowners. The days of heavy-handed methods including costly condemnation are in the past. Forest Preserve President Colin McRae (R-Mundelein) has pledged to go about land purchases in a friendly, cost-effective manner.

As we have stated in the past, a great many taxpayers are supportive of continued land acquisition to maintain Lake County's country heritage. The bond issue has an excellent chance of passage. The timing couldn't be better with interest rates low and substantial tracts of open space still available. Commissioners have taken the initiative and the leadership. We're looking for an interesting, informative campaign concluded by victory Nov. 2.

Letters to the Editor

Tv aids value decline

Editor:

The "Index of Leading Cultural Indicators" written by William Bennett shows that while population has increased 41 percent since 1960, violent crime has increased 560 percent; illegitiamte births have increased more than 400 percent; divorce rates have quadrupled; the percentage of children living in single-parent homes has tripled, and the teenage suicide rate has increased more than 200 percent.

Only if we admit we are in a crisis of values can we begin to reverse our cultural decline.

I feel certain that a major share of the increase in violent crime is due to tv violence that we observe on many channels so often month after month

Harry G. Kruse Grayslake

Schmidt inconsistent

Editor:

County Board Rep. Suzy Schmidt raised her concerns over the mayor and village board of Round Lake Heights developing the land in the village of Round Lake as the "Fairfield Marsh."

I really find her concern to be amazing as she supported the present mayor and village board trustees in their efforts to be elected to these positions. I have to ask myself if Suzy Schmidt was unaware of their plans at the time she supported them for election or if she did not really care what their plans were.

If she is so concerned with environmental issues why did she support a group of people who have two members of their group in favor of burning debris in the village? I guess the "environmentalists" have to ask themselves, is Suzy Schmidt an environmentalist as she states or is she just interested in certain issues in her district affecting certain people in her district?

> Julia Edwards Round Lake Heights

Navy a good neighbor

Editor:

On July 2, President Clinton signed the recommendations of the Base Realignment and Closure Commission. If Congress takes no further action, those recommendations will become law on August 16, and the Great Lakes Naval Training Center will expand dramatically.

For many years, Great Lakes has boasted the Navy's largest recruit training center. Under the commission's recommendations, all recruit training will be consolidated at Great Lakes, and the student population at our technical schools will more than double.

When the Training Station at Great Lakes was established 82 years ago, the residents of Chicago, northwestern Illinois, and southeastern Wisconsin wanted the Navy to be a part of their communities. The Merchants Club of Chicago actually purchased the 172 acres of land and presented the site to the government as a (Continued on next page)

Light electric system ideal for suburban rail

by LAUREN R. JANUZ

The Metra organization is to be commended for planning another commuter line along the Wisconsin Central (old Soo Line) tracks from Antioch to Des Plaines and connect into the lines into Chicago.

However, the Metra officials are totally off-base when it comes to the kind of equipment, heavy diesel trains similar to that used on the Burlington, Northwestern and Milwaukee tracks, that they propose to use.

One need only look at the light electric rail system installed in the San Diego, Calif. area to look at the future potential for mass transportation in the Chicago area.

The advantages of light rail include its flexibility of running from a two to

twenty car train, minimal crew expenditure (a two person crew runs an entire train), the initial cost of equipment, the savings with electric power, lower main-

Commentary

tenance, etc., etc. It can also run on a street laid rail system as well as a dedicated road bed.

Until such time as we can get "every ten minute" service on the suburban commuter lines with good distribution through the city (going into the Union or Northwestern station and having to transfer to dirty inefficient buses is not the answer) suburbanites will only use rail for full-day commuting. The businessman, such as myself, who has to go into the

city for one or two short meetings will not wait an hour for a return train.

Let's look at totally rebuilding the CTA system and then replacing our antiquated suburban diesel railroads in our commuter system with modern light-weight rail systems that can provide more effective and more efficient service.

And let's look at rebuilding the Skokie Valley Line of the old North Shore Line as an extension of the Skokie Swift CTA line. Most of the right-away from that line is still available for use and what has been used can be moved. The loop interconnector which is now moving ahead and the Wisconsin Central Line could be the forerunner of a new commuter system for all of Chicagoland.

And at the same time let's look long

and hard at putting a light rail system on the EJ&E trackage that goes from Waukegan to Elgin to Aurora to Joliet, to Kankakee and Gary so that we have a line that sweeps around the metropolitan area.

But the answer is light at frequent intervals (small trains, 1-2-3 cars except during rush hours). Heavy diesel trains cannot serve the public except during rush hours when large quantities of people can be moved. Light rail can be profitable during non-rush as well as rush hours and return a positive cash flow to the Metra system.

Editor's note: Lauren Januz is a marketing and time management consultant. He is the author of four books. Januz resides in Mettawa-Lake Forest.

Viewpoint

Pro baseball team generating serious interest

by BILL SCHROEDER

More people than you'd think are serious about the future of a minor league baseball franchise in Lake County.

"I get calls about that all the time," remarked County Board Chairman Robert "Bob" Depke.

The proposition of a professional baseball team calling Lake County home turned from fantasy to possibility a few months ago when the idea was floated in economic development circles.

Sparking the proposition is the phenomenal success of the Kane County Cougars, a Class A Midwest League team playing home games at a modern stadium built on land near Geneva that once was part of a landfill.

One of Depke's callers was Doug Meyer, a Northbrook based broker and financial adviser who resides in Highland Park. Meyer is a part owner of the South Bend White Sox, a Midwest League member.

"I think it could be repeated in Lake County," remarked Meyer, referring to the Kane County success in the suburban shadows of two major league teams. "Baseball has been my passion since boyhood. I'd love to be involved in bringing a minor league team to Lake County," Meyer avowed.

The demographics all are on the side of pro baseball succeeding in Lake County. With over a half million population, Lake County already is a bigger market than most of the Midwest League franchises or practically every Class A operation. The former Kenosha Twins, a Class A Minnesota affilicate, used to draw well from Lake County. Lake County has a history of successful recreation-oriented businesses. The county has an excellent highway system to bring in fans from other areas. And the biggest plus, Lake County has an ample supply of people with the financial wherewithal to invest in a high risk business like professional

Meyer said that acquiring a Class A franchise would require an investment in

the neighborhood of \$2 million.

Depke is all for a local minor league franchise. The only stumbling block in Depke's opinion is where and how to build a stadium He's already talked to the father of suburban minor league franchises, Phil Elfstrom, retired Kane County Board chairman who conceived the idea of the Cougars and a stadium. Phil, by the way, grew up in Libertyville. Future minor league franchise owners, get in line!

DUMBFOUNDED---Friends and supporters of James "Jim" Busch for retention as Fox Lake chief of police are at a loss why village fathers haven't confirmed the veteran officer for the position he's held for more than a year. A former boss, Robert "Bob" Trinski, has this to say about Busch: "He's an able, trustworthy officer, the type of policeman who'd stand in front of you in time of trouble." That's high praise coming from a guy with 43 years in law enforcement.

Before shelving retirement to serve as Fox Lake police chief in the early 1980's, Trinski was a seasoned vet with the Chicago Police Dept., including tours of duty with the robbery detail, bomb and arson squad and the special tactical unit.

SAVE THE DAY---Chris Govas, the always-on-go-hostess at Country Squire and the family's Libertyville dining enterprises, is asking friends to save Friday, Oct. 29, for a benefit dinner/dance at Grayslake to benefit her favorite charity, the Hogar Infantil Marsh, a.c. orphanage in Acapulco, Mexico, which suffered heavy damage during Hurricane Calvin. Chris is promising a fun time to help a good cause. More details will be forthcoming.

Woo Bakalis for shot at Phil Crane in 1994

Party Lines, a column of political commentary, is prepared by members of the editorial staff of Lakeland Newspapers.

If what Democratic insiders say is true, the party of FDR and the Great Society is serious about retiring arch conservative Congressman Philip R. Crane.

The Democrats are working overtime in an attempt to get one of their former leading lights, Michael J. Bakalis, to challenge Crane in 1994. One Democratic biggie says it's 99 percent "sure."

Bakalis, former Illinois state superintendent of schools and state comptroller, lost a bid for governor in 1978. In recent years, he's taught at Northern Illinois University and now is in private business.

It's easy at this time of year to get excited about a campaign that's still about 12 months away. Wonder if the Bakalis backers are aware that the 8th Congressional Dist. is regarded as one of the most conservative in the nation?

More Demo talk---Party faithful and golfing friends will be out in force for the annual Lake County Democratic Golf

Outing Friday, Sept. 3, at Foss Park, North Chicago. Dinner will follow at Basil's, the Waukegan Ramada Inn eatery. Just about all of the candidates for state

Party Lines

office next year have promised to attend, including Mary Lou Kerns, Kane County's Democratic coroner, who has her sights set on the nomination for secretary of state. This will be her first "official" visit to Lake County. County Chairman Terry Link will appreciate it if you call 872-8167 for tee times and dinner reservations.

Scoring points---Flooding problems in the Round Lake area have enabled two mayors to score political points. Mayor Charlene Beyer of Round Lake Park helped fill sand bags and Mayor Ralph Davis of Round Lake Beach rolled up his sleeves when the water came up to help out.... Mayor Kenneth Hamsher of Fox Lake directed Village Treasurer Marilyn Hoehne to come up with a simplified report on village finances so that "everyone can understand it---

including me'... Gurnee Trustee Mark Ratfelders says "grassroots government works" and he points to approval of a subdivision in the Grand-Hunt area as proof. Jawboning by officials reduced the density 50 percent and paved the way for double impact fees for Woodland School Dist....

Power lunch---Frequently mentioned Republican Presidential hopeful Jack Kemp will be making one of his rare visits to Lake County Friday, Sept. 17, for a luncheon honoring his one-time colleague in Congress, U.S. Rep. Phil Crane: Lake County Republicans have never forgotten Kemp since his first trip here more than a decade ago as a substitute speaker at the annual meeting of the Waukegan-Lake County Chamber of Commerce. No one remembers who the originally scheduled speaker was, but Republicans still talk about how Kemp "knocked'em dead." A lot of folks that night agreed, "This guy ought to be President some day." Maybe he will.

Kustra koming---Republicans are advised not to wait too long to make

Michael J. Bakalis Charlene Beyer

reservations for the 31st annual membership meeting of the Lake County Republican Federation Saturday, Sept. 11, at the Princess banquet facility, 1290 S. Milwaukee Ave., Libertyville, Keynote speaker will be Lt. Gov. Robert "Bob" Kustra. The annual Federation meeting is a good time for GOP loyalists to get together before the snow flies and find out who is the winner of the Bob Milton Memorial Award. The late Bob Milton was the highly regarded county party chairman during the Nixon years with the knack of keeping all the GOP factions pulling in the same direction. A resident of Lake Forest, Milton also served a term as county treasurer. The get-together is a breakfast meeting starting at 9 a.m.

Letters

(Continued from preceding page) gift.

I want to convey my appreciation to the thousands of Illinoisans and Wisconsinites who in recent months openly and emphatically affirmed their continuing support for the Naval Training Center at Great Lakes.

The media focus on NTC Great Lakes during the last few months has reflected the intensity of local support for the United States Navy and the Naval Training Center. At the same time, the extensive newspaper, television, and radio coverage has informed many of our neighbors about the excellent education and training opportunities that exist within the United States Navy, either at Great Lakes or elsewhere.

We in the Navy appreciate your efforts. You can count on us to continue to be good neighbors in every way we can.

Mack C. Gaston Rear Admiral, U.S. Navy Great Lakes Naval Training Center

Litany of taxes

Editor:

Here is a partial listing of what Grayslake residents may be asked to support. The Lake County Forest Preserve wants \$30 million for "open space." Great, but why can't it just be "open space?" Why must half of the money be spent for development, which will require more dollars for employees and maintenance upkeep?

Grayslake Community Park District wants the taxpayers to come up with approximately \$5 million for a swimming pool complex with offices and a gym, when we have six school gyms within less than a two mile radius. The Grayslake Library District wants the same taxpayers to give them about \$4 million for a new building more than five times larger than their existing library. The

Grayslake Community High School wants to sell \$6 million in bonds and the Grayslake Grade School District is in debt.

Grayslake Village streets are breaking down and the old sewers are deteriorating. Can we expect a tax rate increase by Mayor Carey and the village boards to resolve these problems?

Many did not want as much growth in Grayslake as we have, but with it came

many beautiful young families, which are an asset to our community. Are we going to force them to leave town because of inefficiency of operations and higher taxes by our local government bodies? The elected officials are responsible for the Ligh taxes, and Grayslake, which has a lower median income has one of the highest tax rates in Lake County.

Mary Jane Lucas Grayslake

WHO TAKES CARE OF MOM? All your hard work deserves some recognition!

Does your day sound something like this?

You get up early...
You make the kids breakfast and lunch...
You get them off to school...

You get yourself ready for work... You work ALL DAY...

You pick up the kids and take them to baseball, soccer, dance, etc. . .

You make dinner. . . You serve dinner. . .

You clean up after dinner. . .
You help the kids with schoolwork. . .
You get them off to bed. . .
You clean up the house. . .

You collapse and ask yourself. . . IS IT MY TURN YET?

At Fantasy Faces we believe IT IS YOUR TURN!

We know that most moms work non stop to make everyone in the family happy and comfortable.

And everyone may say. . . Gee your great mom.

But does anyone ever see how beautiful you really are?

Well now you can change all that with a heart stopping, head spinning Glamour photo of yourself like they have never seen before.

Show this Glamour photo of yourself to your kids, friends and especially your husband and there will be a whole lot of new found respect coming your way.

I GUARANTEE IT!

If you think you can handle all the attention, then call us... We can make it happen.

HOW DO WE DO IT!

The process is easy, fast. . . and during the two hours you are being pampered, you can forget about diapers, deadlines, household duties, and just have fun.

 The Fantasy Faces staff will help you select a new and more exciting image for yourself. Specialists in make-up application and hairstyling will work their magic to create the new you. The Fantasy Faces fashion expert will select wardrobe, fabrics, and accessories in your best colors for your photo session.

 Using advanced lighting techniques and equipment, our professional photographer will guide you from pose to pose. Your new exciting look will be captured on film as a permanent momento ready to share with that special guy and all your friends and family.

3. With our high-tech Kodak Prisim Video system, our computer and camera work together to capture your photo session on video disk. Before you leave you will be able to view your beautiful photos on our color video monitor. The helpful staff will be there to answer any questions you may have so you may order your photos immediately.

This is truly a unique experience. One that you, your family, friends, and the man in your life will not soon forget.

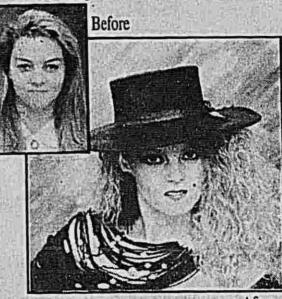

Call either of our 2 locations now and make your appointment. I guarantee you will be amazed!

GET "IT" OFF YOUR CHEST (708)223-8073

DIPS BRANCE IT'S THE TALK OF THE TOWN

akeland

(Continued from page 11)

Phoney problem

I have a question for Commonwealth Edison. Why is it that whenever the power goes out the phone never goes out with it.

Who is stupid?

Let me tell you, the dogs that guide the blind and older people are not stupid. You are the one that is stupid, not the dogs.

Get in shape

Hi, my name is Mary Kay and I work out at Body Network. I hate when people do not like to work out because they look and feel terrible.

Anti-riverboat caller

I am from Antioch. I think ARC should start a recall campaign to impeach the mayor and trustees. All they want is money to fund their government.

Raccoon help needed

I am from Fox Lake and wonder if anyone has any suggestions about how to get rid of raccoons. I would love some comments from the readers.

Dim drive

.Why haven't the light bulbs been replaced on Route 12 both north and south of Route 132? I am from Fox Lake.

Non-binding voting

The first voting on the riverboat casino was a mockery of the voting system. It is not to be used for a survey! That is unconstitutional. Next we'll pull the school referendum and say we just wanted to know what you think. Then, pass it anyway. The referendum vote disappointed many voters. Some say, "Why vote?"

Show of hands

Anyone who wishes to show support for Chief Busch write to the village board, the clerk, or the mayor with your opinion. There is a petition at many businesses you can sign to show your support. Anyway you wish to voice your opinion will help. Keep this man as chief of police.

Do your job

I am calling from Spring Grove in Antioch Township. I have been trying for over four years to get the building and zoning board to do their job. There is a trailer parked on a two block long street. People have been living in this trailer. It only has two wheels, but they call it an RV. There is also a torn down house on this street with metal scraps that are very dangerous.

Get control

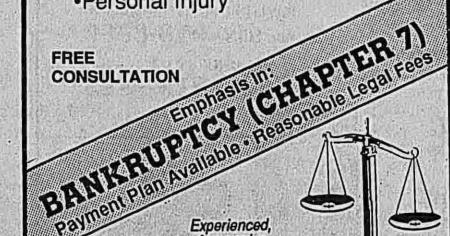

We do not need more gun control. What we need is more criminal and child control. Discipline is needed for children before they turn into criminals. We would not need more prisons or guns.

Expensive show

I am calling from Vernon Hills. This past June they had a \$10,000 budget for the "queens" pageants held at the junior high. Wake up taxpayers. Why can't we use that money for education?

I'LL FIGHT FOR YOUR RIGHTS!

Whoops!

I am from Antioch. Your editorial note was wrong! The mailbox in front of the Jewel is gone because of the construction. I keep hoping they will put it back.

Editorial note: Dear reader, you are absolutely right.

More for less

For two years I have read articles about the needed fire station West Gurnee at Hunt Club and Grand. I have not seen this question addressed. Gurnee residents pay a 27 - 29 cent tax for fire protection, police protection, and snow removal. Non residents pay 35 cent tax rate for fire protection alone. Why?

Free country?

I am calling from Grayslake. I would never like to see Ms. Paddock in this town again. She is a disgrace to this town.

Insurance

I am calling from Fox Lake. The reason restaurants are banning smoking is to avoid future law suits from employees who get cancer.

Hang in there

I was just reading my paper. In the editorial note you said that if the item was rejected for content, it would never be run. If it was a matter of space, the article would be run at a later date. I called several weeks ago to congratulate the Grant Township All Stars senior girls and the cheerleaders. Since the picture was just in the paper, I guess it is still relevant. I would like to show the girls that people think about them and they did a job well done.

Editorial note: Dear reader, hopefully we will get caught up soon. Ordinarily, Lipservice is quieter in the summer. But, we were surprised and gratified to see that you readers are thinking about us despite vacations, etc

Age limits

I live on Channel Lake. I think that the mobile home parks in our area should restrict trailers and RVs to a certain age so they can look a bit better. The really old stuff looks very bad and they have to go!

Iceless hockeyless

Can you stand one more letter about the iceless hockey situation? Over 800 kids now cannot play iceless hockey. It is not fair.

Workers' compensation reaching crisis in county

Over 4,000 cases in Lake, McHenry

by MARY FOLEY Lakeland Newspapers

Imagine going without any income for six months. You are sick and in pain, you have lost your car and your house. The creditors call your father's house, where you are forced to live with your family, because you have not made any

payments. Welcome to the world of workers' compensation in Lake County. Presently, Lake County is experiencing a crisis in the backlog of workers' compensation cases. These cases are handled by a traveling arbitrator who is in Lake

County for several days every month. However slowly, this system has been working for several years. But, with the illness of the regular arbitrator, cases are really starting to back up.

The reality of the situation is that many individuals with contested worker's compensation cases may be waiting several years to get a hearing. Those who have returned to work may still have unpaid hospital and medical bills several years old. These accounts are being turned over to debt collectors, judgments are being secured, and the individual's credit history tarnished. All of this can spell financial ruin to people with lower

Clients are blaming their attorneys for an almost three year wait to have an initial hearing. Attorneys are complaining that they are appearing for hearings with their clients only to discover the case have been dropped from the docket or, in some cases, no arbitrator at all.

Workers' compensation is a form of insurance used to pay for injuries incurred to employees at work. It is estimated that out of the 300,000 injuries as many as 65,000 workers' compensation petitions are filed in Illinois each year. Roughly, 15 percent of all these claims are disputed and this number seems to be growing.

There are several factors combining to cause the backlog in Lake County. Increasing injuries, increased numbers of contested claims, differences in the workers' compensation act itself, and the recent illness of the only arbitrator contribute to the backlog.

"We are one of the largest growing counties in the United States," said Mark Jeep, co-chairperson of the Lake County Bar Association's Workers' Compensation Committee. "There are increasing numbers of jobs." As the amount of jobs in the county increase, so do the amount of industrial injuries.

"Insurance companies may be contesting more," said workers' compensation attorney Robert Buege. "The defense seems to be more aggressive."

Insurance companies, while wanting to resolve legitimate claims as soon as possible to avoid heavy litigation fees, are facing the same budget constraints of every business.

"When it comes to fraud or claims we believe are fraudulent, we are more aggressive," explained Steve Wasdick of Aetna Insurance. "Workers' compensation fraud is a \$5 to \$10 billion problem."

Whether or not there is an increase in contested claims is only a small factor in the Lake County backlog. Robert Haubrich, the arbitrator covering Lake and

McHenry counties is reported to have over 4,000 cases currently. With his recent illness, a replacement arbitrator is attempting to handle these cases.

According to local attorneys, Haubrich is an excellent arbitrator. He was singlehandedly covering the 4,000 cases without the aid of a secretary, clerk, office, and no permanent courtroom in Lake County. On arbitration days, over 200 attorneys pile into the lobby in the Lake County Courthouse.

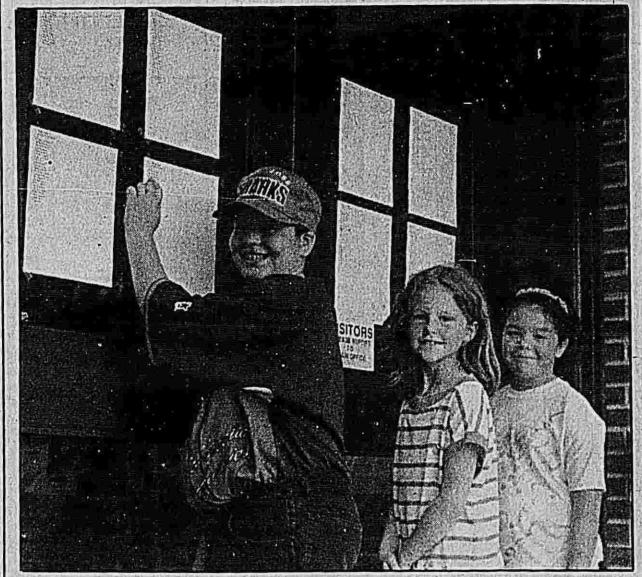

Unfortunately for the many injured employees, workers' compensation hearings are handled differently than regular civil trials. "Unlike civil trials, compensation hearings can be partially tried," explained Buege. "An arbitrator may hear the medical evidence at one hearing and then continue the case for another date." This results in one particular arbitrator being

familiar with that specific case.

If that arbitrator is replaced, the new arbitrator is in the time consuming position of reading all of the material of a partially tried case. With the backlog now facing the county, it is often more expedient to continue the case on the assumption that the regular arbitrator will return.

Just the same, injured workers do not want to hear about any of this. The just want what is due to them. They need their compensation income to survive and pay obligations. They need reassurance that the medical bills will be paid. Most of all, they need to have a timely hearing and outcome.

Editors note: This is the first of a two part series on workers' compensation. Next week, some possible solutions will be explored.

Who's my teacher?

O'Plaine School students perform the traditional chore of looking at school door to see teachers' name. Fifth-grader Patrick Garcia and second graders Kelly Donnellan and Liz Garcia get the word. School starts in Gurnee Aug. 24. Photo by Steve Peterson.

Amos ready to settle in

Amos

After wandering the streets for some time, Amos is glad to have a temporary home. His beautiful silver and white. markings and gentle personality make him an excellent candidate for adoption. He has had all shots and is neutered.

For information about Amos or to adopt any of the dogs and cats at the Assisi shelter call (815)455-9411. Adoption fee includes spay/neuter and

Riding the trail '90s style

Get up close and personal with the recreational vehicle of your dreams at the 10th Annual Lake County RV and Van Show held at the Lake County Fairgrounds in Grayslake at the corner of Rtes. 45 and 120, through Aug. 22.

Show times are 10 a.m. to 8 p.m., Thursday through Saturday and 10 a.m. to 6 p.m., Sunday. The fairgrounds are easily accessible from the north or south from I-94.

The show offers consumers the opportunity to compare prices and options available. Dealers will be on-hand representing all the major manufacturers from several areas including:

Northern Cook County, Lake County, McHenry, Crystal Lake and Rockford. The show features as many or more units on display than any show in Northern Illinois.

The show will provide consumers an opportunity to shop for a fold down or a small tow-along, fifth wheel, travel trailer, Class A motor home, mini-motor home, van or truck for towing.

An additional plus for consumers is the fact that most dealers will have some used units on display as well as new. There will be a special van and tow vehicle display featuring some of the best known names in

conversion vans and trucks for camping and towing.

Every dealer at the show has a trusted reputation in the business and each display will have enough personnel to give visitors the time and attention to make an informed RV choice.

The dealers have made special arrangements to have appraisers at the show for the full five days so consumers may bring their trades with them.

Admission to the show is \$4 with a senior discount of \$1 Wednesday through Friday. For more information call 623-3989 or the Lake County Convention and Visitors Bureau at 1-800-LAKE-NOW.

Mammogram experience not a horror story

It's difficult for a woman to get up enough nerve to even make an appointment.

Most doctors recommend that women have a "baseline" mammogram by age 40 to establish a "normal" x-ray of the breasts. Subsequent pictures are then compared to the original x-rays to

by SUZIE REED Lakeland Newspapers

detect any changes. Mammograms are routinely suggested every two years for women up to age 50 and then once a year after that.

Making that first appointment is tough. Every woman knows someone who has felt it her duty to share a bad experience. Approximately one-half the women who undergo the procedure experience SOME discomfort; most of the time it is minimal and lasts only a few seconds.

Here is what to expect once you have the phone in your hand, based on the policy and procedure of Good Shepherd Hospital in Barrington. A similar experience could be expected at any accredited facility.

Many hospitals have a computerized telephone system that requires you to push a button to

connect to the desired department, in this case radiology. After giving the routine information on yourself, you will be asked to have any previous mammograms taken at other hospitals sent to that department.

You may be told to avoid caffeine for a few days prior to the mammogram and to not use deodorant before the procedure. This will make the pictures easier to interpret. Caffeine sometimes causes the breasts to become fibrous and deodorant can clump and provide a false reading.

Arriving at the hospital, you will begin by registering, either at the admissions desk or the outpatient center. You should have a written order from your doctor and will be asked for that as well as any insurance information. Personal information will be solicited, or simply verified if you have been a patient there before.

You will be given a copy of your registration record and directed to the radiology department; at Good Samaritan the route is clearly marked. A registered mammographer will be waiting there.

Yvette Judkins is one of the mammographers at Good Samaritan. After two years at x-ray school, she worked with the head mammographer

at St. Joseph's Hospital in Elgin. She has been at Good Samaritan for a year and a half.

You will be directed to a dressing room and told to remove all your clothing above the waist. After you have put on a gown and returned to the desk, the mammographer will take you to the mammography room, where she will ask for detailed information on your medical history.

The machine used at Good Samaritan is a Senographe DMR made by General Electric. A futuristic-looking contraption, it is a state-of-the-art diagnostic tool.

The mammographer will explain the procedure as she is directing you to place your body in position for the xray. Generally two pictures are taken horizontally and two vertically.

"It does get really tight," said Judkins. "If it gets too tight, let me know."

You can expect a few seconds of discomfort, but nothing worse than some of the other things we tolerate from the medical profession.

It's over quickly and then you will be asked to wait while the mammogragher makes sure the pictures are readable. Then you can get dressed and leave.

The x-rays will be read by a radiology specialist in mammography before being forwarded to your doctor.

You will most probably be in and out within a half an hour and can forget the whole business for another year or two.

Lean for Life starting new Condell session

I suppose you could call it Health School. The official name is "Lean for Life."

The program is a 12-week session offered by the Centre Club at Condell Medical Center. Participants will be taught about proper diet and exercise and how to maintain a healthy lifestyle.

The class will focus on a different subject each week. Topics include dietary and exercise guidelines, motivation, body composition, reading labels, setting goals,

body image, stress management and the prevention of disease.

Staff members include a registered dietitian, an exercise physiologist and a physician specializing in preventive medicine.

The fee of \$270 includes a temporary membership in the health club. Day and evening sessions are available: 7 to 8:30 p.m. Thursdays beginning Sept. 2, and 9 to 10:30 a.m. Tuesdays beginning Oct. 5. For more information call the Centre Club at 362-2905, extension 5770.

MS Bike and Hike to offer different routes

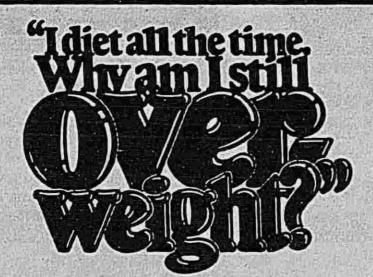

Approximately 1,500 eager "soles" will enjoy a fun and festive day at the 20th Annual Multiple Sclerosis Bike 'N Hike Aug. 29. Participants have the option of walking, riding their bikes or rollerblading along one of eight routes including two on the Chicago lakefront.

The event, organized by the Chicago-Greater Illinois Chapter of the National Multiple Sclerosis Society, is expected to raise \$175,000 for MS research and programs and activities for people with MS.

WMAQ-TV's Felicia Ferguson is the 1993 Bike "N Hike honorary chairperson with media support from WNUA and B96. Nanciann Huening of Park Ridge serves as the Bike 'N Hike chairman and is responsible for the overall organization of the event.

This year, Bike 'N Hike offers eight different routes including one in Lake County. The route begins at Half Day Preserve in Lincolnshire and travels along the Des Plaines River Trail through MacArther Woods Forest Preserve with a turn-around at Old School Forest Preserve in Libertyville. It is a ten mile track. Randy Denman of Grayslake is chairman for Lake County.

Getting Physical at age 75

Lake County senior strength, it is important to citizens are "getting physical" every week at the Victory Adult Day Center, 2000 Western Ave. (in the Lake County Family YMCA), Waukegan. What are they up to? They are discovering the benefits of weight training; pumping iron to combat the natural aging process.

While it is a reality that nothing can reverse the aging process, proper exercise has been shown to modify the effects of age. Following a regular exercise program helps older adults remain active and

independent.

Since the first of the year, the older adult clients at the Victory Adult Day Center have enjoyed a new, light-resistance weight training program designed just for them.

There were several individuals coming to the center who could no longer push themselves up and out of a chair. They needed help simply to rise and stand," says Pearl Watts, manager of the center which is affiliated with Victory Memorial Hospital, Waukegan. "These physical constraints limited their quality of life and hindered their independence."

According to studies, 80 year olds may require more leg strength than they may have just to rise from a chair. To maintain muscle mass

Medical records set workshop

ical records review workshop will be conducted at the College of Lake County to prepare individuals for the Registered Record Administrator (RRA) and Accredited Record Technician (ART) certification examinations.

The three-day workshop will be held from 8:30 a.m. to 4:30 p.m. Sept. 10 and 11, and 9 a.m. to 2:30 p.m. Sept. 12 in Room C-003 at the Grayslake campus, 19351 W. Washington St.

To register, call 223-3616. For course information, call 223-6601, ext. 2338.

continue to challenge muscles throughout the

aging process. The light-resistance weight program was developed for the Victory Adult Day clients by Alison Huntley, program director at the Lake County Family YMCA. It is one of the first programs of its kind in the northern Illinois area.

'One of the advantages to our center's being located in the YMCA," says Watts, "is our ability to utilize the skills of Y staff members as well as the Y's facilities."

Participants in the light-resistance weight program range in age from 75 to 90-plus years. They enjoy not only the physical activity, but also the shared experiences of accomplishment in reaching training goals. Exercise equipment is minimal. One to three

pound hand weights and high-tension elastic tubing are used to perform most exercises. The current program includes a 30-minute series of arm, leg, neck, hand and foot exercises performed to music and a 30-minute walking session each day. Weight-lifting is performed on a twice weekly basis, and is adapted to meet the individual needs of each participant.

The primary goals of this program are to maintain and increase the participants' muscle strength, improve their balance (thus reducing their risk of falling), increase their mobility and flexibility, and to help them maintain their independence," says Watts.

To learn more about this light-resistance weight training program for senior citizens, call the Victory Adult Day Center at 360-9860.

Condell Medical Center

NEW LIFE CENTER TOUR—On Tuesday, Aug. 31 Condell Medical Center will be offering a "New Life Center" tour for expectant parents at 7:30 p.m. at Condell's Allen Conference Center, 700 Garfield Ave. This free class is designed for the couple who have taken childbirth classes and have participated in a previous birth. Registration is required since class size is limited. Call the Department of Public Relations and Marketing at 362-2905, ext. 5275 for further information.

WON MEETING—Widowed Outreach Network meeting for the individual coping with the recent loss of a spouse is held at 2 p.m. on Sunday, Aug. 22 in the dining room at Condell Medical Center, 900 Garfield Ave., Libertyville.

FOR THE HEALTH OF IT—"For The Health Of It...Yours" lecture series will feature William Greenfield, M.D., medical staff member at Condell Medical Center, specializing in family practice, at 7:30 p.m. on Wednesday, Aug. 25 at the Medical Center health Institute, Centre Club, 700 W. Golf Rd., Libertyville. He will present "How Much Do You Know About HIV?" To register, call 362-2905, ext. 5770.

LAMAZE CLASSES—Lamaze classes begin at 7:30 p.m. on Thursday, Aug. 26 in Condell's Allen Conference Center, 700 Garfield Ave., Libertyville. Six consecutive classes cover a variety of topics including special exercises and breathing techniques. For registration information, call the Dept. of Public Relations and Marketing at 362-2905, ext 5275.

Victory Memorial Hospital

PANIC DISORDER—This support group will meet on Monday, Sept. 6 at 7 p.m. in the Chapel at Victory Lakes Continuing Care Center, 1055 E. Grand Ave., Lindenhurst. Drivers are welcome. For more information about this support group, call 360-4082.

PREPARED CHILDBIRTH—Classes will be presented Sept. 7 through Oct. 5. Participants will be instructed on the labor and delivery process. These class sessions are open to all expectant parents and are taught by a Registered Nurse certified childbirth educator. Classes are from 7 to 9 p.m. and are held at Victory Memorial Hospital, 1324 N. Sheridan Rd., Waukegan. A fee of \$30 is required. Class size is limited so for more information or to register, call 360-4121, Monday through Friday, 9 a.m. to 3:30 p.m.

INSULIN/ORAL HYPOGLYCEMICS—On Thursday, Sept. 2 at 6:30 p.m. insulin/oral hypoglycemics will be presented for diabetic patients and their families at Victory Memorial Hospital, Waukegan. Diabetic topics will be discussed by a certified diabetic instructor, Call 360-4148 for more information.

MAMMOGRAPHY SERVICES—The mobile mammography services van will be at the Venture Store, 2700 Belvidere Rd. in Waukegan on Friday, Sept. 3 from 9 a.m. to 3 p.m. The mammography screening cost is \$60 and is covered by most insurance companies. To schedule an appointment, call 1-800-877-XRAY.

Lake County Health Department

FREE PROGRAMS — Child Health Conferences, or Well-Baby Clinics, are held each month in Zion, North Chicago, Round Lake and Waukegan. Parents who wish to bring their children must call 360-6731 for an appointment. The Special Supplemental Food Program for Women, Infants and Children (WIC) provides supplemental foods and nutrition education to mothers and their children under 5. For an appointment, call 360-6781. The Prenatal Clinic offers medical care and health education during pregnancy to qualified low-income women. For an appointment, call 360-6715.

MENTALLY ILL — The Lake County Health Department Division of Mental Health offers an evening weekly support group for parents and family members of mentally ill individuals. This is a free service for Lake County residents through the Coordinated Area Treatment Services (CATS) Program, 1819 27th Street, Zion. Arrangements for attending the group can be made by calling 872-4245 Monday through Friday, 9 a.m. to 5 p.m.

AIDS/HIV TESTING — The Lake County Health Dept. offers free anonymous and confidential AIDS/HIV testing at its Belvidere Medical Building facility, 2400 Belvidere Rd., Waukegan. Testing is by appointment only. For more information on AIDS/HIV testing, or to make an appointment, call the Health Dept. at 360-6891.

"I am proud to announce that I have located a general internal medicine practice in the Victory Medical Building, Grayslake. My specialty is the prevention and treatment of illnesses and injuries in the adult body. I currently offer evening and weekend hours by appointment. You can reach my new office by calling (708) 223-2059."

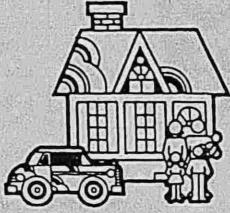

- Dr. Mira Kupisek

In addition to independent physicians' offices, the Victory Medical Building offers: electrocardiograms (EKG's), general X-rays, holter monitoring, laboratory testing, mobile mammography services (the second Tuesday of every month), pre-operative testing, and ultrasounds. For further information regarding these services and/or information concerning physicians located at the facility, call Victory's Physician Referral Service at 1-800-THE CHOICE (1-800-843-2464) 8 a.m. - 5 p.m. Monday - Friday.

Satellite programs

offer guidance GRAYSLAKE—A series of two satellite programs will bring practical guidance in community economic development to Lake County residents. The programs are intended for those interested in the economic vitality of their community. "Financing Economic Development: Practices and Strategies" will be presented Sept. 16 and "Strategies for Marketing Your Community" on Oct. 21 at 6:45 to 9:30 p.m. at the Lake County Farm Bureau Auditorium, 70 South U.S. Highway 45 in Grayslake. The two programs in the specialized tools of economic development series are designed for those communities which need specialized training on certain topics but which have been through basic techniques of community devel-

Business Briefs

opment or have an on-going economics development program. Tele-conferences are hosted by the Illinois Institute for Rural Affairs and Community Information and Education Service with support from the U.S. Economic Development Administration. Carroll Bonn, University of Illinois Cooperative Extension Service Community Leadership and Volunteerism Educator, is the local coordinator. Pre-registration is required. For more information call 223-8627.

Industrial building in Wauconda sold

WAUCONDA—Citibank, FSB has sold a 20,492 square foot industrial facility located at 355 Hollow Hill Dr. in Wauconda, to FPC Corpo-

ration. The sale represented a cooperative effort between the industrial and investment divisions of Grubb & Ellis which represented the buyer and seller in the transaction. In acquiring the single-user industrial building, FPC Corporation, a manufacturer and distributor of plastic products and glue sticks, will relocate in an 8,800 square foot multi-tenant facility. The building, located within the Wauconda Industrial Park, is situated on a 3.2 acre lot which provides ample space for future expansion.

Zurek captures two health awards

NORTHBROOK—Ed Zurek of Northbrook-based Goldstein Financial Corp. has become the first person ever to capture two prestigious awards in the same year from the National Association of Health Underwriters.

The Washington, D.C.-based association awarded Zurek, a Libertyville resident, the Golden Eagle and Distinguished Service awards. He was one of nine people nationwide to win the Golden Eagle for being in the top one percent of salespeople, and one of ten people to earn distinguished service honors for service to the industry.

Bank helps with flood relief effort

CHICAGO—St Paul Federal Bank for Savings has launched a fundraising drive to benefit victims of flooding throughout the midwest. The bank will match all donations up to a total of \$10,000. Money collected will be distributed to flood victims through the American Red Cross.

Country Sampler combines craft fair, mail order

For anyone who loves the decorating appeal of arts and crafts, it's hard to flip through Country Sampler Magazine without finding something you might like to adorn your home.

A wreath, a doll, a lamp, a quilt?

Even more difficult for the craft lover is passing up a craft show where you can actually see the products and the colors and envision them in your home. (Wouldn't that be just perfect in the family room...?)

Mark Nickel has combined the two

by SUZIE REED Lakeland Newspapers

concepts in a unique retail store opening in Lake Zurich.

Formerly a managing editor for a technical publishing company, he spent time helping his wife sell crafts at area shows. It's a tedious hobby, sitting there waiting to make a sale. He looked into the possibility of mail order, but found the advertising rates in craft magazines so high he decided to start his own publication— Country Sampler, and later, Victorian Sampler and Country Sampler West.

Now fans of the magazines will have an opportunity to shop at the new Country Sampler Store in the Village Square Shopping Center, Rtes. 12 and 22 in Lake Zurich. The shop is an affiliate of Country Sampler Publications.

"We just have always wanted to do this," he said. "We didn't want to have the typical country store. We liked the crafter mall concept."

The 10,000-foot store contains around 200 booths which are leased by crafters offering country, Victorian and western items ranging from clothing to wooden products and home decorations.

Crafters set their own prices and receive reports on sales every two months. The store can even arrange shipping for out-of-town suppliers.

Unlike the magazine which offers a large number of kits for amateur crafters, the store will carry only finished items made by professionals. Many crafters will offer custom ordering on items they pro-

According to Christine Reed of the store's public relations department, most participating crafters are from the Chicago area but many items have also been received from southern Illinois and Wisconsin with a few from Iowa, Michigan and Pennsylvania.

"We have thousands of Country Sampler advertisers," said Nickel. "Quite a number of them are from out of state and many of them are local. Shoppers will get a wide variety of crafts."

The Country Sampler will offer its own line of cards, calendars, stationery and Country Store gourmet coffee as well as Mother Hubbard and Dillman Farms gourmet foods, hand-pieced quilts, art prints and custom designed hand-made furniture.

Seminars and craft demonstrations will be offered in the Country Gazebo area at the back of the store. Interior decorators will give tips on how to use the products in the home. (Continued on page 22)

Intermatic lets their employees make the call

When employees at Intermatic, Inc. want to voice their opinions on political issues to lawmakers, they can literally step into special phone booths, dial preprogrammed numbers and give politicians a piece of their mind, at company expense

The phone booths include special hotlines that enable employees to dial directly the offices of members of Congress, state and local representatives from Illinois or Wisconsin, and President Clinton to let them know exactly how employees feel about pending legislation.

Two phone booths are installed at the company's headquarters and manufacturing plant in Spring Grove. Another hotline is located at a distribution center in nearby Richmond, while the fourth is installed at

the company's service and repair center in Chicago.

The phone number of local members of Congress and state representatives are computer programmed so that employees only have to dial a few digits to gain access to these offices. All calls are made on long distance lines paid for by Intermatic.

"The phone booths were the brainchild of Intermatic President Lee Vinyard," explains Vice President of Administration William Morrison. "We want to encourage our employees to become more involved in the political process. The hotlines make it easier to do so and help convey our employees' thoughts to the key decision makers."

Intermatic, a 102-year-old manufacturer of electrical products, has always fostered a progressive climate among its approximately 1,200 employees. The company pioneered many employee benefits programs, and sponsors a variety of health and fitness programs. It also was one of the first firms in the nation to encourage employees to quit smoking.

Focused on issues

"Since the phones were installed in June, they have been used regularly," says Morrison. "Although we do not monitor phone usage or attempt to sway employees on any particular issue, we know from general comments that taxes and health care are two big employee concerns."

According to employee Jim Thompson, "I think if this is implemented all

(Continued on page 23)

Employees at Intermatic Inc. in Spring Grove who want to voice their opinions to lawmakers can step into special phone booths and give politicians a piece of their mind.

United Way Chairman recruits cabinet voluteers

United Way of Lake County General Campaign Chairman, Daniel J. LaVista, Ph.D., president of the College of Lake County, has recruited a variety of community leaders to serve on this year's

Campaign Cabinet.

"Our goal this year is \$6.5 million, which is very ambitious considering the issues we've been faced with already this year," LaVista explained. "We are going to need all the enthusiasm and dedication we can get from our volunteers to ensure a successful campaign for our agencies and the programs they fund, and I could not have asked for a better group of people to have on our side than the members of the Campaign Cabinet."

The following individuals have agreed to serve with LaVista on the 1993 Campaign Cabinet: Publicity Chairman, Neal Anderson, Chicago Bears; Chairman of the Board, Richard H. Morehead, Abbott

Laboratories; Pillars Club Chairman, M. Blake Ingle, Ph.D., CANJI, Inc.; CEO Breakfast Chairman, Len Judy, Rust-Oleum; Campaign Advisory Group Chairman, Stephen K. Smurthwaite, Abbott Laboratories.

Marketing Chairman, Terry Simmons, Abbott Laboratories; Cultivation Division Chairman, Thomas J. Schwartz, First Midwest Bank, N.A.; Loaned Executive Recruitment Chairman. Ed Fattes, The Benefit Trust Life Companies; Combined Federal Campaign Chairman, Rear Admiral, Mack C. Gaston, Great Lakes Naval Training Center; Combined Federal Campaign Coordinators, LT David Price, Naval Hospital and LT Dave Berchtold, Navy Public Works

Abbott Division Chairman, Lael F. Johnson, Abbott Laboratories: Abbott Division Coordinator, Mary Quinn Boyd,

Abbott Laboratories; Baxter Division Chairman, Barbara Young Morris, Baxter Healthcare Corporation; Baxter Division Coordinator, Kristin Forsyth, Baxter Healthcare Corporation; Major Service Division Chairman, Thomas C. Freyman, Abbott Laboratories; Joint Accounts Division Chairman, Ronald F. Crawford, Commonwealth Edison; General Business Chairman, Brian Callahan, First Midwest Bank Mundelein; Commerce Division Chairman, Craig Bernard, Bernard. Motors.

Finance Division Chairman, Michael Godwin, Harris Bank of Libertyville; Community Leaders Division Chairman, Warren Hall, NOSCO, Inc.: Professional Division Chairman, Joe Nemmers, Jr., Abbott Laboratories: Human Service Division Chairman, Mike Waller, Lake County State's Attorney; Training Chairman, Judith P. Clarke, Kemper National Insurance Companies; Print Communications Chairman, Geri Hahnenstein of Baxter Diagnostics Inc.; and Video Communications/Meeting Producer, Faye Cater, Abbott Laboratories.

More volunteers are still needed to work on the campaign in various capacities. For information about the campaign or volunteer opportunities, call 816-0063.

Help U Sell celebrates

Help U Sell, the full-service predetermined fee Brokerage located at 101 S, Milwaukee in Lake Villa is entering the second year of bring flat-free brokerage to Lake County.

Broker/owner Gloria Hopkins states the success of the office is attributed to the hard work of agents: Carolyn Baranowski, Marty Golden, Annette Rosentrator, Bridget Lescher, Brian Weydert, Helen Kist, Betty Miller and Jerry Johnson.

Sampler

(Continued from page 21).

"We're creating a year-round craft show," said Reed. "We've had a lot of excitement from crafters and customers. There's a lot of interest in the products."

She and store manager Carol Wojak were busy organizing the store during the first part of August. The soft opening was Monday, August 16. A grand opening is planned for Saturday, September 10.

Ardie Sayers, local artist and interior decorator, will give a seminar on home decorating, interior design and arts and crafts from 1 to 4 p.m. Saturday, Sept. 11. The Special Consensus Band will play country bluegrass from 4 to 8 p.m. Friday and from noon to 4 p.m. Sunday.

The location for the store was chosen because the demographics of Lake Zurich match the demographics of the readers of Country Sampler Magazines.

"People up there are into high quality crafts," said Nickel. "We felt we were a good match for the community and the market area it serves."

Hours for the Lake Zurich Country Sampler Store are 10 a.m. to 9 p.m. Monday through Thursday, 10 a.m. to 8 p.m. Fridays, 10 a.m. to 6 p.m. Saturdays, and 11 a.m. to 5 p.m. Sundays. For more information call the store at 726-2606.

Investors Frustrated And Disgusted With 3% CD's Say They Are Victims Of Bank's Greed.

Naperville, IL-Today's retirees and others who are counting on their nest eggs to provide for them, are frustrated and angry. They feel that the banks are taking advantage of the economy to create obscene profits.

A local retiree was quoted as saying, "The bank is still charging over 17% on credit card balances, and paying me a lousy 3.1% on my CD! This is unfair. I have worked my whole life, and always taken care of myself. Now, in the last three years, I have seen all my expenses go up, and my CD income drop to less than half of what it was! The banks should be ashamed of themselves. How am I going to make it?"

The feelings of this woman seem to be universal, when people are asked about this

Although CD's are insured by an agency of the US Government, and alternatives may not be,

people can do much better with their savings. As with anything else, knowledge is the key. The banks are making more money than ever, and hope the average person will not bother to learn about their alternatives. The bankers want people to keep their money tied up at these disgusting low rates, and know a lot of us will not move because of the fear of the unknown.

A FREE REPORT called, The Little Known Secret To Beating CD's, has been made available for the first time. The report explains, in simple language, the almost unheard of method to take care of yourself, and tells you how to stop being at the mercy of the banks. You can call 1-800-640-5530, 24 hours, for a FREE, recorded message, to get your copy of the report, Call now, and find out what the bank doesn't want

you to know!

'Small Business Person of Year' nominees sought

The U.S. Small Business Administration (SBA) has begun the search for the successful small business man or woman who will become America's "Small Business Person of the Year" for 1994.

SBA district offices across the country will be accepting nominations for state "Small Business Person for the Year" for 1994 from now until Nov. 5. Winners of the state competition compete for the national title.

Each year since 1963, the President has designated a week in May as National Small Business Week in recognition of the small business community's contributions to the American economy. There are currently 21 million small businesses in America and they account for 99 percent of all businesses, and employ 54 percent of the private workforce.

Each state's Small Business Person of the Year must meet criteria which include

staying power, growth in employment, increase in sales/unit volume, innovation, response to adversity, and evidence of contributions to his/her community.

Advocate awards are presented to persons who have used their professional skills or personal talents to further public understanding and awareness of small business. Candidates must have taken an active role in creating opportunities to promote the interests of small business. Advocate categories include: Women in Business, Minority, Veteran, Accountant, Financial Services and Media.

Special awards are also presented to the Small Business Exporter, Young Entrepreneur of the Year and the Federal Government Small Business Prime Contractor and Subcontractor.

Among America's top small business owners who have received the national distinction in recent years are: a Wiscon-

sin bird food manufacturer with \$70 million in annual sales; an Oklahoma grandmother who started making hairbows for her granddaughters as a hobby and turned it into a multi-million dollar a year business; and the head of a company that helps meet the needs of an aging population by producing products used by ophthalmic surgeons to treat cataract problems.

The SBA also has other special awards categories to honor outstanding small business exporters, young entrepreneurs, government prime contractors and subcontractors and owners of large companies

that started as small businesses and became big businesses. Small business advocates who have helped minorities, veterans and women, as well as small business media advocates, financial services advocates and accountant advocates are also honored.

All nominations must be received no later than November 5. To obtain criteria on completing a nomination package, call the SBA's Chicago District office at (312)886-0705, or write U.S. Small Business Administration, 500 W. Madison St., Suite 1250, Attention: Public Information Office, Chicago, Ill. 60661.

Intermatic

(Continued from page 21)

over and people actually start calling, yes, it will make a difference. If you sit back and do nothing about important issues, then nothing is going to get done."

Employee John Jakus said he agrees the hotlines are a good idea and plans to make several calls. "The phone booths make it very easy to place calls I probably never would have made."

As the largest employer in McHenry

County, Intermatic often is looked upon as a corporate leader. "Companies need to set a strong positive example for their employees and other businesses," emphasizes Morrison. "Our message is that it's important for individuals to become involved in the political process and make an impact."

For additional information, contact: Intermatic, Inc., Intermatic Plaza, Spring Grove, Ill. 60081-9698.

VA spending for Illinois Veterans announced

Most of the money expended during fiscal year 1992 in Illinois by the U.S. Department of Veterans Affairs (VA) went directly to veterans, according to Chicago VA Regional Office Director Samuel L. Holmes.

"Of the more than \$1.2 billion distributed in Illinois last year, more than 32 percent, or more than \$402 million, went directly to veterans as compensation for disabling injuries or diseases incurred while in the armed forces, and for other disability pensions," Holmes said.

He added that VA spent more than \$15.5 million for readjustment and vocational rehabilitation benefits, nearly \$77 million for insurance and indemnity payments, more than \$13.3 million for facility construction and \$722 million for medical services and administrative costs in Illinois.

"The Department of Veterans Affairs

proudly serves those who served our country," Holmes said. "For more than half a century VA has been a deliverer of benefits, a pioneer in medicine, a financier in education, a guarantor of home loans and an advocate for Illinois veterans." Illinois ranked sixth out of all states in total expenditures.

Estimated VA expenditures for Cook County veterans totaled nearly \$695 million. This figure includes \$157.6 million for compensation and pension, \$5 million for readjustment and vocational rehabilitation and \$30.2 million for insurance and indemnities.

An additional \$5.4 million was spent in the county for construction at VA facilities and related support costs and \$496.5 million was spent for medical services and administrative costs at these facilities, he said.

Commonwealth Edison ratifies new agreement

Commonwealth Edison and System Council U-25 of the International Brotherhood of Electrical Workers announced that the company's union employees have overwhelmingly ratified a letter of agreement that clears the way for the reemployment of workers who were laid off. The vote was 68 percent to 32 percent with a turnout of 88 percent of those eligible to cast ballots.

"We are very pleased with the results of this vote," declared Edison Chairman James J. O'Connor, who added, "We recognize and appreciate the positive efforts made by the System Council and the bargaining unit workforce to assure fair and thorough consideration. This vote is an important step toward long-term relationships which will create an atmosphere that benefits the interests of all Edison employees and customers."

O'Connor said the reemployment of laid off employees and the upgrading of demoted employees will begin soon.

The agreement also provides for a special 1993 incentive pay plan in which union employees will join management in receiving additional compensation tied to reductions in operating and maintenance expenses. Edison further will guar-

antee employment and rate protection to union employees through June, 1995. Terms of the existing contract will be extended by one year, to March 1995, with a wage reopener in March 1994.

The agreement eliminates a paid holiday and replaces four recognized holidays with floating vacation days. The company also is granted greater flexibility in the use of part-time employment.

O'Connor said both parties hope that additional improvements can be made through ongoing discussions.

Tri-town to offer classes

Century 21 Tri-Town in Mundelein is sponsoring a real estate pre-license class. This is an accelerated class that prepares you for the state exam. The class starts Aug. 30. It is a five week class. There is a special tuition rebate to qualified individuals.

Training is available for students when they obtain their real estate license. For more information, call Century 21 Tri-Town, at 949-5244 and ask for Florene Darr.

Business Personnel

Cheryl Gilbertson

Cheryl Gilbertson has been promoted to the position of Personal Banker at the Antioch branch of the First Chicago Bank. Gilbertson has been receptionist and customer service representative at the branch for the past two years. Married, she is the mother of two children, and resides in Lake Villa, with her husband, Bret. She is a native of Milwaukee, but has resided in the area for 10 years. She is a U.S. Army veteran, having served as a military policeman. In her new position, she will be assisting customers in opening new accounts, applying for loans and other banking activities.

Jane Bilyeu
The Hospice of Northeastern

Illinois announced the appointment of a new executive director. Jane Bilyeu, BSN, RN, was named to the senior position for the not-for-profit hospice based in Barrington. Bilyeu has worked extensively in home health and hospice management, and has been the clinical program director at the hospice since 1990.

Rebecca Nixon

Rebecca Nixon has joined Country Estate Developers as their marketing representative for the firm's newest and most exclusive residential development, River Bend. Nixon will be responsible for the marketing and sales program of the 34-homesite community. Prior to joining

Country Estate Developers, Nixon was marketing director for a major commercial development in Deerfield. She has been involved in real estate for the past five years, is a licensed real estate sales person and holds an international business/marketing degree from the University of Colorado.

Patricia Ann Lehr

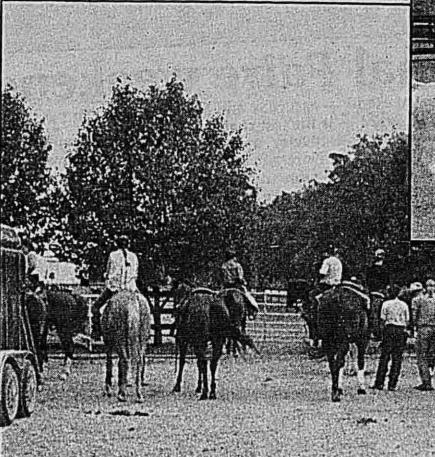

The Lake County Board of Health has appointed Patricia Ann Lehr, of Zion, to a three-year term on its Medical Services Advisory Committee. The committee reviews administrative, programmatic and fiscal issues of the Medical Services Division of the Lake County Health Dept. and makes recommendations on issues concerning the division of the Board of Health. Programs in that division include general, family and pediatric medicine; dental care; rabies and animal control; immunizations and communicable disease control, sexually transmitted disease control; and AIDS testing and counseling. A 30 year resident of Lake County, Lehr is currently the Patient Care Director at Victory Memorial Hospital in Waukegan, a post she has held since 1972.

DON BAR FARM

Both cowboys and cowglits line up to walt for the three person teams to be called during a competition.

Riders herd the numbered caives towards the competition pen.

by SPENCER SCHEIN

Ithough the Lake County Fair closed earlier this month, horse enthusiasts can still get their kicks at the Don-Bar Farm in Wadsworth, where Team Penning reigns as King.

Those not familiar to team penning will be surprised to learn what a fast paced and enjoyable night out it can be, according to Linda Gibson, who manages the farm with husband Bob.

Linda Gibson said they held the first team penning event Sept. 15.

1991, after seeing an article in a trade magazine and watching an event up in Wisconsin.

"My husband was always involved in cattle and it gave people who ride something else to do besides ride around in a circle," she said.

The basic rules are as follows: three riders attempt to move three cattle from one end of an arena to the other. Sounds simple enough, unless the three cattle are in a group of up to 60 and neither the rider nor the horse may touch the animals.

The riders aren't told what numbered cattle they have to move until they pass the starting line and the clock has started. They then have to locate the cattle, numbered in threes, and get them across the arena as quick as possible if they want a shot at the jackpot.

Linda Gibson said the times were slower when they first held the contest and have now vastly improved, from two and three minutes to under 30 seconds.

The number of teams has also grown.

from that first show where only 11 teams participated. She said they now routinely have more than 60 teams competing.

And instead of using beef cattle such as Black Angus, Herefords and Brahms, the riders went after Holstein cows.

"It was real slow," Linda Gibson said.

The riders compete for the nightly cash jackpots and for points which count towards the grand championship prize given out every three months.

Gibson schedules approximately two events per month held

on Saturday evenings, with four different series' held each year.

The contests are really family oriented, with many teams being made up of different family combinations, including fathers and sons, mothers and daughters, brothers and sisters and husbands and wives

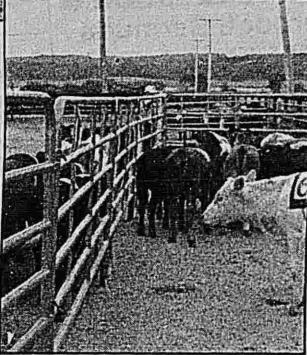

"It is something you can all do together," she said.

And unlike other horse events, special bred horses are not necessary, which makes it more economical and open to more people.

During the day, the farm, owned by Don Morton, is open for practice, where riders can learn new moves and participate in contest-like situations.

"It's learning your skills so you and your horse can draw better," she said.

The events are held year round and are moved indoors during the winter.

These caives are enjoying a peaceful rest. Caives are rotated to avoid exhaustion.

The Gibsons have been involved with horses and cattle for many years. Bob Gibson has previously managed a cattle ranch in Texas and is also a blacksmith.

The Gibsons, who have managed the Don-Bar Farm for the past two years, have also raised thoroughbreds that have raced in Birmingham, Ala., California, Florida, West Virginia and all the local tracks in Chicago. They currently own an interest in a racehorse in Birmingham.

The Don-Bar cattle are routinely rented out to other team penning and rodeo shows, and the Gibsons put together the first-ever team penning event held at the County Fair.

The farm is located on Mill Creek Road just off Rte. 173 in Wadsworth. For more information on team penning or to find out when the next event will be held, call the Don-Bar Farm at 708-395-9291.

ed fare

Exercise plus dance equals fun

With MTV captivating young America, hip-hop has become the new art form of song, dance, art and now-fitness. Fitness centers across the county are taking advantage of this hot new trend by combining street oriented hip-hop dance moves with standard aerobic routines in order to motivate both kids and adults to start a fitness program that is fun and entertaining.

One national poll claims that 85 percent of the country hates to exercise. "Dance Pounds Away" a fitness center in Gurnee is starting a kids fitness program that teaches kids the latest in hip-hop dancing while also teaching them the basics in exercise. Mothers can also participate along with their children, so that moms can get their kids started early on healthy habits.

Sessions will be offered this fall. For enrollment information call 662-2772.

'Me and My Dad'

Fathers and their children can sing, tell stories, play games, do arts and crafts and share other recreational activities during sessions of "Me and My Dad," a year-round program sponsored by the Northwest Suburban Jewish Community Center (JCC) in Buffalo Grove.

"Me and My Dad" groups meet every three to four weeks in participants' homes. In addition to recreational activities, members prepare for Jewish holidays and attend other ICC activities.

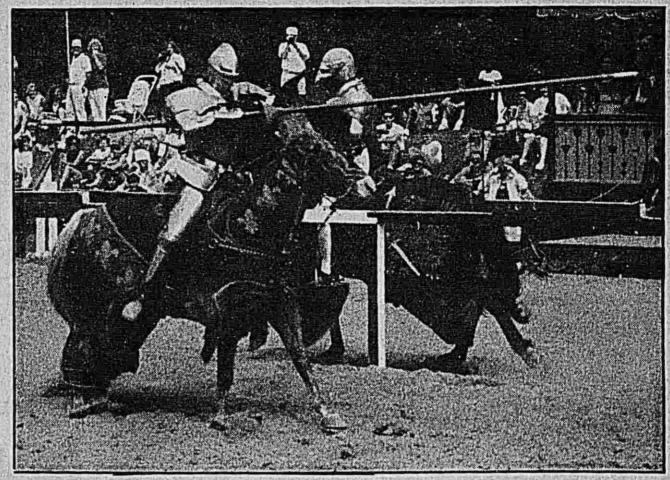

For more information contact Ione Miralgio at 392-7411.

Sealed with a kiss

Through Aug. 29, Chicago Children's Museum will present its newest exhibit, Sealed with a Kiss: Mail Art, sponsored by the United Parcel Service Foundation. .

S.W.A.K.: Mail Art is a highly interactive exhibit of fanciful art that redefines the everyday act of mailing a bill or sending a letter to a friend. Mail Art is art that has been postmarked; it is correspondence designed to please the eye as well as the mind. There are thousands of artists worldwide who create art out of and on spaces as little as a nineteen cent postcards or a letter size envelope—and then send it to someone through the mail.

Chicago Children's Museum is dedicated to the needs and interest of children and their families. Located at 465 E. Illinois Street North Pier Chicago, 2nd Floor. For more information, call (312) 527-1000.—by RHONDA VINZANT

Final Faire weekend here

This weekend - Saturday and Sunday, Aug. 21-22 — is the last chance for the romance and revelry that is the **Bristol Renaissance Faire.**

The Faire — a tableau vivant of 16th-century Elizabethan England — is enjoying a record attendance in this, it's sixth season.

"I think it's due to expansion," said Laura Davis, director of media relations for the Faire. "We have more entertainment, more crafts and more food. As our attendance is growing, we're also growing."

ing on the Faire. "We've had great weather," Davis

Mother Nature has also been smil-

said. "But we're open rain or shine."

The Faire — located just west of I-94 and just over the Wisconsin line - is a large village teeming with characters right out of a history book. Over 170 artisans offer their wares, and period food and fun abound. Eleven stages provide continuous entertainment, and the jousts at Wyckham Fields are fullcontact combat.

Admission is \$12.95 for adults, \$5.95 for kids 5-12 and \$11.95 for senior citizens and students with ID. Kids under 5 enter for free.

For information, call 395-7773.—by **GREG MILLER**

Bicycling Through Bermuda

by JIM WARNKEN, PRESIDENT NORTH STAR TRAVEL, INC.

Born in October of 1931, the Bermuda Railway lived only 17 years, making its final run in 1946. Seems the popularity of the automobile put "Old Rattle and Shake", as it was affectionately known, out of business.

This short lived Railway did, however, leave behind a memorial.

Starting from Old St. George's to Somerset, a single track trail still cuts westward through 21 miles of this 27 mile long island providing an ideal bicycle trail.

As you cycle past seascapes, forests of spice trees and jungle-like foliage you can almost hear a ghostly train whistle. There are plenty of opportunities to cool off if you want to swim the few gaps past the pylons that once supported the train trestles.

In fact, if you're really into the "fitness thing" you can do your own mini triathlon. You can jog the 21 mile Railway Trail, swim the open section between Ferry Point Park and Coney Island (not the one in New York) and bicycle 25 miles back on the paved South Road route.

For the rest of us, the Old Bermuda Railway Trail is just fine for a leisurely bicycle ride or relaxing walk.

Bermuda's weather also makes it an excellent choice for long bike rides. Located about 800 miles off the coast of North Carolina (No, it's not in the Caribbean) it's far enough North so that summer temperatures rarely rise above the mid 80's. While not as warm as Jamaica in January, the Gulf Stream keeps winter temperatures in the upper 60's.

The Bermuda Department of Tourism has an excellent brochure of the trail complete with photos and section by section map. I can't seem to get them to send me more than one at time, but you can get one from them directly by calling 1-800-223-6106 and ask for "The Bermuda Railway Trail Brochure".

TUESDAY

Swamp Squad

The Woods and Wetlands Group of the Illinois Chapter of the Sierra Club will hold its monthly Swamp Squad meeting on Tuesday, Aug. 24 at 7:30 p.m. This months meeting will be held at the Central Baptist Childrens Home, Building 5, on Hwy. 83 one mile north of Hwy. 132 in Lake Villa. All meetings are open to the public. For more information call Berit or John Massman at 838-

Autism support

The Autism/PDD(Pervasive Developmental Disorders) Parent Support Group meets the fourth Tuesday of each month at the Vernon Hills Village Hall at 290 Evergreen Dr. in Vernon Hills. Parents meet at 7p.m. each month and address a different topic. Meetings are then opened for discussion. On Aug. 24 Senator David N. Barkhausen representing the 30th Senate District in Illinois will speak to the Parents Support Group on his role in Springfield and how he can assist parents with their con-

cerns for their children with Autism/PDD. For information regarding this organization call Glen and Lindy Mika at 367-5425 or Bob and Barb Johnson at 540-9931.

Young Single Parents

For parents who are single, divorced or widowed, between the ages of 21 to 60, join Young Single Parents Club every Tuesday at the Uptown Ballroom, 6218 22nd Ave., Kenosha, Wis. from 8 to 11 p.m. for dancing and socialization. For more information call Buzz at (414)652-1677.

WEDNESDAY

Assistant Orientation

Consider a part-time job as a personal assistant to help pay those ensuring bills. A personal assistant is someone who assists a person with a disability with his/her everyday living tasks. The Lake County Center for Independent Living is sponsoring a Personal Assistant Orientation on Wednesday, Aug. 25 from 1 to 3 p.m. at 706 E. Hawley St., Mundelein. For further information call Helen at 949-4440 V/TDD.

Solo for Singles

Friday, Aug. 20 join Solo for Singles for their "Super Dance" to be held at the Holiday Inn, Mundelein, located on Rtes. 45 and 60. The dance will be from 8:30 p.m. to 1 a.m. Cost is \$8. There will be a live band. Solo Singles holds weekly dances on Wednesday at the Princess Restaurant, 1290 S. Milwaukee Ave., Libertyville, from 8 p.m. to midnight. Join Solo on Wednesday, Aug. 25 for call 816-1011 or-362-6455.

THURSDAY

dancing and socializing. For further information on Solo events

Blue Lite Singles

The Blue Lite Singles Club, for ages 50 and up, meets the first and third Thursday of every month with get-togethers planned throughout the month. For further details call 623-1147 or 872-

Exchange Club

The Exchange Club of Grayslake meets every Thursday at noon at Randell's Restaurant in Grayslake. Visitors and prospective members are invited to join the club for lunch and learn more about the Exchange. For more information and reservations contact Bob Wegge at 223-0777, Monika O'Connor at 223-5547, or JoAnn Ritzwoller at 223-8161.

Adult volleyball

Recreational volleyball for single young adults ages 21 to 38 will be sponsored by the Catholic Alumni Club from 6:30 p.m. until sunset on Thursdays from now through September at Willow Stream Park, Old Checker Rd., two blocks west of Buffalo Grove Rd. in Buffalo Grove. There is no charge for playing. For more information call (312)726-0735.

COMING SOON

Surviving the 90's

The Waukegan Women's Club will meet on Sept. 2 at 6:30 p.m. There will be a brief meeting, dinner. Guest speaker will be Teresa Bartels of Manpower. Bartels will address "How to Survive the '90's" Visitors are welcome but reservations are needed. Call 244-3716 for information.

WON to meet

Widowed Outreach Network of Lake County, a group of men and women of all ages, meets the fourth Sunday of each month at Condell Day Center, 700 Garfield, Libertyville at 2 p.m. For further information call 362-2631.

Tommy Lee Jones

'Fugitive' on loose again

Is it our imagination, or has the Summer of '93 spawned more action thriller flicks than usual?

chasing and being chased all over the place as "The Fugitive." Yes, here we have the sort of \$40 million remake of the 1960's David Janssen TV series opening to record movie crowds.

It's getting so that a movie-goers weekend would not be complete without crime fighters chasing criminals, or spies trying to outspy one another, all to the tune of spitting Uzis, exploding buildings and cars, and lots and lots of blood-curdling blood.

Unlike the suspense-slowing character delving that marred the pace of "The Firm," director Andrew Davis takes to the chase in earnest, making "The Fugitive" about as fast moving as you can get.

So fast-moving, in fact, that something important can be missed in the time it takes to look down and see how much popcorn you have left.

Ford, as usual, takes to a role like that of Dr. Richard Kimble with the nimbleness of an Indiana Jones.

One unusual twist Tommy Lee Jones, who played a top villain in "Under Siege," does it again with class, as the federal marshall who dogs the innocent Kimble. He sometimes makes us forget that the real villains of the piece are supposed to be the one-armed man, played by Andreas Katsulas, and the evil person who hired him to do Mrs. Kimble in.

We would have liked to have seen more of "Sisters" Sela Ward, who plays Ford's ill-fated wife, but then the flashbacks would probably have been overdone.

Even though Ford performs a myriad of unbelievable close escapes, he kept us enthralled during a story we already knew all about. We give this one four out of five stars. It's rated PG-13.-by GLORIA DAVIS

One of our favorite action stars, Harrison Ford, is back

Country Dave brings Waylan, Willie to local spots

You've been out shopping and suddenly meet a former neighbor who you haven't seen in a few years. Stores are closing, so you decide to stop by a neighborhood lounge and catch up' on one another's lives. As you are talking, you could hear in the background, one of your favorite Country Western singers, George Jones, twanging, "He Stopped Loving Her Today" and, mentally assumed it was coming from the jukebox. As the song ended however, everyone seems to be hooting and applauding so you turn to see what all this fuss is about. There, on a 'postage stamp' size stage stands a tall, lean young man in a cowboy hat who, at the moment, is telling a joke in the voice of Rodney Dangerfield. While you watch amused, he goes into the song, "A Good Hearted Woman," but now he sounds like Willy Nelson. Just as you are trying to figure how he is "mouthing" a recording so well, the voice switches to that of Waylan Jennings. This then is no recording!

'Country Dave" or "Cowboy Dave" as he is being called by a growing number of fans was born in Montana; Dave's family moved to Illinois when he was just a few months old. However, the family regularly returned to Montana to visit relatives and, it was here that Dave began to realize his love, not only of Country Western music but also of impersonations. Through the years he practiced a little as he mimicked his teachers and even his principal at school but when he was about 12 years old he became a part of good Ole' Country Hoedown in Montana.

Each year musicians from all over gathered here and, while they "jammed" the country folk cooked pigs and roasted goats while the ladies prepared their favorite recipes for this big occasion. Dave, who had always been a bit shy and reserved always hung around the musicians as, this kind of music just made him feel good. When Tim Ramsey, a former member of Willy Nelson's band asked him if he would care to 'join in' he jumped at this chance to really do what he had imagined doing most of his 12 years. This then, was the beginning of the Willy

Nelson phase in his life which is still one of his favorite impersonations.

Later, he was taken under the wing of an old Indian, always at the hoedown, each year, who was referred to as, "Black Charley" (his real name was

Charley Schrenkengust).

As a member of the Naval Reserves, Dave was one of the first to be called for the "Desert Storm" era. While stationed in the Persian Gulf, Dave discovered that his fellow Navy men really enjoyed his singing and unique impersonations. When he returned from there he began attending local karaokes with a group of friends. One lady, Joanne Gonsalves, really impressed him as she belted out her Patsy Cline songs. She and the others encouraged Dave to sign up and go on stage. At first, he had to wait awhile to gather courage but, as the enthusiasm of his fans grew, he no longer hesitated.

Dave just couldn't believe the exuberance of the audience although one person, his mom, didn't seem to be surprised. "I always knew he could do it and that one day, everyone else would know it," she said. Dave would pass his time going from state to state, (he is a truck driver), practicing his favorite songs and voices and soon became known over the C.B. as "The Impersonator." Fellow truckers would often ask for requests of their favorite songs.

"I really like the good old fashioned County Music" says David, like the kind by Johnny Cash, Waylan Jennings, Hank Williams, etc. Dave hadn't been home from the Gulf long before he was

Country Dave

asked to perform at such places as Carmel Street Scenes (he did a oneman show here). A talent group called "Local Sensations" interested him so he joined and this was integral in him performing for "Mundelein Days" and other spots. He also performed for several organizations and clubs. Recently he was asked to appear and sing on radio; US 99 contacted him with the possibility of joining a Country Western Band and a representative of Channel 32 has asked for a tape. This soft-spoken young man with the Western twang really enjoys what he is doing.-by VIRGINIA KRUEGER

The early bird is back at the Warsaw Inn

The early bird lunch specials and dinner specials are back at the Warsaw Inn Restaurant. For those folks who like an early lunch or dinner, the Warsaw Inn is the place to go.

On Tuesdays through Fridays, lunch is only \$4.25 from 11 a.m. to 11:30 a.m. Regular lunch prices are \$4.95 for adults from 11:30 p.m. to 4 p.m. Children's lunch prices are \$2.75. The early bird dinners, on Tuesdays through Friday, are only \$5.95 from 4 p.m. to 5 p.m. Regular dinner prices are only \$6.95 for adults and \$3.50 for children.

The Warsaw Inn features a complete daily selection of finely prepared homemade foods in a smorgasbord fashion.

"Everything is made fresh every morning," owner Joe Zubrzycki proudly announces, "We even make our own sausage."

The Warsaw is also the "Inn" place to be for the fabulous Saturday and Sunday champagne brunch. Over 80 items as well as champagne challenge customers to indulge their palates. Brunch hours are between 11 a.m. and 2:30 p.m. on Saturday, and 10 a.m. to 2:30 p.m. on

Sundays. Don't forget that the Inn has great dinner specials, even on Saturdays and Sundays. On Tuesdays, it's roast duck served with dressing and the chef's special. The Wednesday features are the tangy BBQ ribs, beef liver and the chef's special. Turkey and dressing, corned beef, and the chef's special are the treats for Thursdays.

Fish and seafood are the catch for Friday's special. Ocean perch, baked cod, cod with dill sauce, catfish, and whitefish provide a virtual sea of great eating. For the landlubbers, Friday's specials also include beef stew and rice.

There is something new for Saturday's special fare. Roast duck with dressing, beef liver, chopped steak, and potato dumplings are the specials of the evenings. Have your Sunday dinner at the Inn. Specials on Sunday include pork loin, turkey, and dressing.

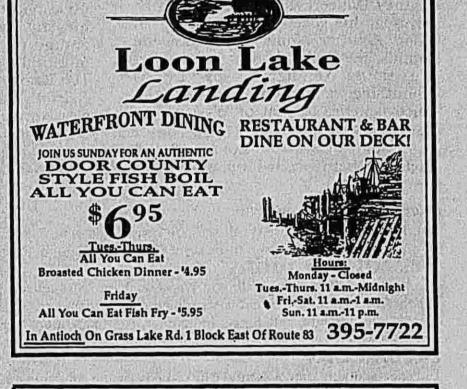

For the health conscious, try the heart healthy salad bar. Included at the salad bar are many fresh fruits.

Folks with lighter appetites will also be pleased at the Inn. On Tuesdays through Fridays, soup and salad bar cost only \$3.50 for lunch and \$4.95 on evenings and weekends.

The Warsaw Inn should be the first place you think of when you have surprise company. Reservations can be made upon short notice. And for that large crowd, the banquet facilities are available for parties up to 130.

Carry-outs are available for any amount of people. Order by the pound or by the pint simply by calling (815) 344-0330.

The Inn is located in McHenry on Route 31, approximately one mile south of Route 120. With its great location, it is accessible to both diners from Wisconsin and Illinois.

ARIES (March 21 to April 19) You could go overboard on spending for the home this week. A friend may disappoint you, but love is exciting and glamorous. Career interests go nicely now. You may revise your thinking now about investments and long-range financial security.

TAURUS (April 20 to May 20) Don't take on more work than you can comfortably handle. Romance sizzles, and singles meet potential lovers. Any impasses in family relationships this week will be overcome by a frank and heartfelt talk. Forget differences and accent teamwork.

GEMINI (May 21 to June 20) Initiative and charm combine to bring you important work gains. Some meet with a new romance through the job. You may be busy now with a do-it-yourself project. Commonsense thinking is your ally in all that you do this week.

CANCER (June 21 to July 22) Couples make important plans affecting a child's well being. Company that drops by may overstay their welcome. You may overspend this week, but you will be able to tighten your belt shortly. Romance is exhilarating.

LEO (July 21 to August 22). A new idea for a do-it-yourself project comes to you this week. Curtail a tendency to exaggerate in talks with others. You are involved in important discussions relating to both work and family. You are inclined to excessive credit card spending. Avoid crankiness this weekend.

VIRGO (August 23 to September 22) Your creative juices are really flowing this week. Artistic types feel inspired. A loved one may be out of sorts. Singles will meet someone who appeals to them romantically. This weekend, see a movie or rent a video tape for your home enjoyment. *

LIBRA (September 23 to October 22) Ambitions are stimulated this

week, and you will make important progress toward the realization of your career goals. Income improves, and romance captivates you. You have good judgment now when shopping. Those with a sweet tooth need to guard against dietary indis-

SCORPIO (October 23 to November 21) You have a takecharge attitude this week and will accomplish what you set out to do. It is a good time for creative work. Put aside a domestic concern and con-centrate on enjoying life this weekend. Travel may be on impulse, and dating will be a delight.

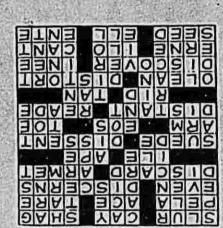

SAGITTARIUS (November 22 to December 21) A private talk this week relates to financial interests. You should save part of this week for the completion of an unfinished task. Friends are lively, perhaps boisterous. You will be a homebody this weekend. Entertaining guests and romance are both favored.

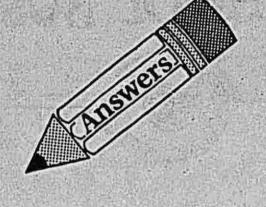

CAPRICORN (December 22 to January 19) Business talk at a social gathering may be just small talk. Don't take any of it seriously. A partner may be easily ruffled. This weekend, a more carefree you will be attracting friends and admirers. Be sure to accept social invitations.

AQUARIUS (January 20 to February 18) Career success will surpass your expectations. Overcome self-doubt and embrace this week's wonderful opportunities. As a result, business interests are foremost on your mind now. You have a new approach to an old prob-

PISCES (February 19 to March 20) Try not to be extravagant in your use of credit. Shared cultural interests will be the topic of conversation between you and a friend this week. This is a good time for matters of the heart. In fact, the weekend should prove to be very romantic.

Brown bag lunches - more children are bagging their lunch. It's economical and more enjoyable than fighting lunch lines. Be creative! Bring wonderful creations from home and make lunch an experience, not just a way to pass time.

Freezer Chicken - Salad Rolls

Excellent make-aheads. Wrapped airtight, they freeze well. Just pop into lunch bag, rolls will thaw in about 3 hours.

8 frankfurter rolls, split and toasted butter, softened

1 cup finely diced cooked boned chicken

2 large ribs celery, diced (1/2 cup)

2 oz. Swiss cheese diced fine (1/2 cup)

1/2 cup well-drained diced pineapple 1/8 tsp. salt, or to taste

Fresh ground pepper to taste

1/4 cup mayonnaise

Lightly spread slit sides of rolls with butter, covering to edges; set aside. Combine chicken, celery, cheese, pineapple, salt and pepper. Stir in mayonnaise just to coat. Fill each roll with about 1/4 cup chicken mixture. Wrap separately in foil, plastic wrap or freezer wrap. Freeze. Remove only as many as needed when packing lunches. Thaw in wrapper.

Makes 8 servings.

Fruit Leather Snacks

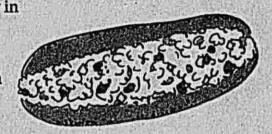

If you're looking for a quick sweet-treat while packing your child's lunch, fruit leather may be just the

To make fruit leather, puree fresh fruit or drained canned fruit in a blender. Add 1 tablespoon of lemon juice to each quart of fresh fruit.

Cover inverted baking sheet with heat-resistant plastic wrap. (Saran Wrap is good for higher heat.) Tape wrap to baking sheet with masking tape. This prevents edges from pulling up while fruit is drying. Pour puree about 1/4 inch thick over baking sheet. Leave about 1 inch free of fruit around edges.

Dry in a food dryer or in an oven at 140 degrees with oven door open at least 2 inches. Dry until puree is leathery but still pliable and not sticky to the touch. Takes

Roll up leather and store in an airtight container.

3 medium celery stalks

2 medium carrots

1 18-oz. jar peanut butter

1/2 3-oz. can cooked real bacon bits

1/3 cup mayonnaise

1 tsp. Worcestershire Chop celery; finely shred carrots.

In bowl, mix celery, carrots, peanut butter and remaining ingredients until blended. Cover bowl and refrigerate mixture to use up within 4 days.

Makes about 3 cups filling, enough for 6 sandwiches.

Sandwich Fillings

 Sprinkle mixture of chopped lettuce and tomato with Italian dressing; top with salami and provolone. •Place fresh pear slices on Swiss cheese; sprinkle

with crumbled bacon.

 Top tuna salad (or crab, for a splurge) with ripe avocado slices, a peeled thin orange slice. Sprinkle cream cheese generously with chopped

ripe olives. ·Spread bread with marshmallow creme; fill with

peanut butter and banana slices. Add crumbled corn chips to egg salad.

So Good With Sandwiches

For extra appeal serve sandwiches with one of

Crisp potato chips, pretzel sticks, canned

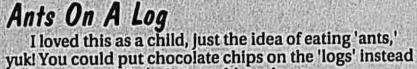

shoestring potatoes, taco chips. Colorful fresh radishes - with leaves or carved into roses; red onion rings; green onions; lemon-sprinkled avocado slices; raw broccoli flowerets; zucchini sticks;

asparagus spears. •Tangy olives, gherkins, cocktail onions, cucumber pickles, pickled beets or watermelon rind, or

cherry tomatoes; tomato wedges; cooked or canned

crabapples. ·Sweet melon chunks, small bunch of grapes, orange slices, strawberries, a few pitted prunes, pineapple slices or nut-stuffed dates.

 Pretty parsley or watercress sprigs or celery leaves. Hearty potato salad, macaroni, rice or egg salad; cubes of Swiss or Cheddar cheese; deviled egg slices or wedges.

of the raisins, although it would not be as nutritious...but we won't tell!

Bunch of celery 1 container of peanut butter

1/2 cup raisins Cut the celery stalks into 2-3 inch pieces. Fill each celery 'log' with peanut butter and spread it over the length so it fills it up. Place 5-10 raisins on the top (ants). Enjoy!

afternoon to take to school for show and tell. Dip the end of lace licorice into flour to prevent

sticking before poking through each marshmallow. 1/2 cup Cheerios cereal

1/4 cup mulitcolored bite-size licorice candy

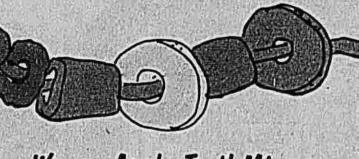

1 roll Lifesavers (any flavor)

1/4 cup mulitcolored miniature marshmallows

1 piece thin red lace licorice (about 36 inches

With a lace licorice piece, string cereal, hard candy, licorice candy and marshmallows in a desired pattern. When lace licorice is 3/4 full, tie ends in a knot to make a necklace. Wrap plastic wrap around necklace to keep it clean.

1 necklace.

Tell them you've packed gummy worms in their lunch bag and you'll make their day! Will keep up to 1 month at room temperature.

1 bag (8 1/2 oz.) gummy worms (1 1/2 cup) 1 bag (6 oz.) dried apple chunks (2 1/2 cups)

1 cup unsalted dry-toasted peanuts

1 cup miniature marshmallows

1 cup raisins Mix all ingredients together and pack in airtight

containers.

Montessori school plans open house

Montessori Country
Day School, 200 W.
Maple, Mundelein, is
hosting an Open House
on Tuesday and Wednesday evenings, Aug. 24 and
25 from 5 to 8 p.m.

The school offers both Preschool and Elementary programs, and serves children from three years of age through the sixth grade. Applications are currently being accepted for fall programs. Classes are fully equipped with specially developed Montessori materials, and taught by certified Montessori teachers.

The program is childcentered, and stresses a balance of personal development and academic skills in a cooperative atmosphere. Children are encouraged to make use of their natural excitement for exploration and discovery. The Montessori Method fosters effective learning habits, decisionmaking skills, and includes exercises to encourage memory, confidence, social awareness and positive attitudes. The curriculum includes a full range of subjects: math, language, geometry, geography, history, science, social studies, music, art, large and small motor refinement, as well as computer work for older children.

Montessori Country
Day School, now in its
14th year, also offers before and after school care
and a hot lunch program.

Parents and children are invited to attend the Open House or call 949-8844 to arrange to visit our program in the Lincoln School building on Rte. 176 just west of Rte. 45.

Students at Montessori Country Day School in Mundelein Scott Litvin, Tonia Sferra and Esther Rodman discuss their map of the world with Tillie Sullivan, director of the school.

Your child's crossed permanent damage if not treated!

and other eye misalignments do not usually correct themselves. By the time a child is seven years old the vision damage they cause can become permanent.

Eye misalignments can be corrected as soon as a child is six months old. The earlier the correction, the more time there is for normal vision to develop.

If your child's eyes are

misaligned, have them examined by Dr. Alan Chow, our children's eye specialists.

Alan Chow, M.D.

WARNING! WARNING! SCHOOL BUS SAFE'IY ALERT!

BE ON THE LOOK OUT...

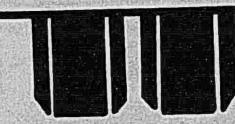

School's back in session and in the excitement of the new school year, many school-age children, especially the young ones, may forget to look both ways when crossing the street or exiting the school bus.

That leaves it up to you as a driver, to be extra careful around schoolyards, neighborhood play areas, and departing school buses.

So remember..when you see yellow, be sure to see red - as in red alert. Let's all slow down and give our children the chance they deserve.

This message is brought to you be these fine Lakeland area businesses and services.

(Continued from page 14)

Blame the governor

To all of you that support casinos in the area you might wonder where all the money has gone from the lottery. Education was the stated reason and yet our schools are in terrible budgetary situations. Where did all that money go? Why should we expect the casino money will go to the schools?

Drinking for breakfast?

I am calling from Mundelein. Has this village ever stopped to look at the liquor licenses they okay? Is there a reason for a bar to be open at 7 a.m.? The only reason a drinker would have a drink at 7 a.m. is because of an alcoholic problem. Should we be contributing to this?

Trouble in River City

So, the trustees of Wauconda think we can have an upscale billiard hall. If your going to have pool, you will have gambling. If you have gambling you will have organized crime. Keep Wauconda clean!

Done fighting

Hey teenager. I am tired of this crap between you and me. You know who you are and don't say that my two year old child picks up swearing from us. We are good, churchgoing Baptist people who do not swear. I am not saying you did it, but many of us have heard it. This is last message. Get a life. I have one and am trying to keep it decent.

Crime does pay

I am calling from Grayslake. I just read an article that made me so mad I could just spit. It was about the coach at the high school that was arrested for child molestation. She negotiated a settlement with the school board in that she will be paid her full salary while relieved from responsibilities. She earned \$57,000 plus another \$3,000 for coaching last year. That is more than my husband and I make. This is not fair! They are paying her to stay home!

Enjoy the lake

Put out a sign out and invite all to a day of the fun. Allow everyone to play in the "lake" your neighbor made, making sure that everyone picks up their garbage. When he complains about the noise, tell him that the "lake" is on your property and he made it.

Gambling with education

I am the one who called to say that those that want the casino should go to Vegas. I am thinking about the children. I am a parent and do not want to raise my child in a gambling atmosphere. I moved here to avoid this kind of thing. There are other ways to raise money for the school. Crime does not pay.

Crime pays II

I am from Round Lake. Why don't they give that coach an administrative position instead of letting her stay home and collect \$57,000? They can find some job that would keep her away from the children. At least she could be earning her big bucks.

Relieved husband

A sincere and heartfelt thank you to the paramedics in the village of Gurnee. Thank you for taking care of my wife and calming my fears. Even better, you sent a get well card a week after she was released. We greatly appreciate what you have done for us and every other resident. Thank you.

Road problems

I am happy to see that Allegheny Road is reopened. But, after being closed for over four months, why isn't there an improvement in the driving conditions?

Call of the wild

Will the people in the Manor Hills Subdivision quit letting their dogs run wild. We have too many children in the area to worry about them being attacked.

No frills education

Antioch school superintendent said, while accepting \$2,500 from the riverboat people, "...everyone knows we are struggling for money." But for 26 pon-poms, five days of cavorting at EIU was okay. It is time to get rid of extras and get back to education.

Eyesore

I am calling from Round Lake. I live a couple houses down about the trailer on Rollins Road. Everyone who comes to visit me comments about it. Please remove it.

Mail drop

I am a handicapped person from Antioch. This is for Mr. Postman's call. I have a very good idea. I make a lot of copies at the library and then go to the post office. I am surprised if the handicapped spot is open. Why not pick up the mail at the library? It would be greatly appreciated.

Banking blues

I am calling from Antioch. I love you Lipservice. Lately I have noticed many people who use the drive-up banking service without having their materials ready. They pull up to the tube and then fill out deposit slips, sign checks, etc...It makes everyone wait for no reason. I also agree we need more parking at the post office.

Yuppie entertainment

I think the Lake County Fair Board should take notice of the fact that many of the new residents of Lake County are better educated and a little more refined. It would be nice if at least one day of entertainment included good music or a play. Maybe a place to get a beer. We are not all "dirt heads" with a twelve-grade education. How about trying for a little more upscale entertainment?

Unhappy consumer

Independent contractors! You can have them. I don't know how many times I have been told that someone would show up to do a certain job and no one came. Just total irresponsibility.

Driving him crazy

Who is responsible for picking up the debris left on the road after an accident? Nobody seems to be doing the job. Why should motorists have to drive over broken glass and plastic? Let's do something about this!

Our mistake

It is not true that you have to be a Fox.Lake resident to run for the school board. Your article in the paper was wrong. You can also live in Ingleside. Your paper should make this correction.

Editorial note: Dear reader, you are absolutely right.

Townie complaint

Yuppies, leave us alone. All of these new neighborhoods being built are ruining the older ones. Keep your yuppie children in your own yards. Leave us alone.

Griefnotes

How do I help the elderly at the time of a funeral?

Death of a loved one is painful. There is a tendency to believe that the elderly adjust more easily because they "should" anticipate the loss. Having more time to prepare does not guarantee that grieving will be easier. The elderly may have fewer resources such as friends, money or good health. Losing a partner or long time friend may mean living life alone at a time when a person may be least able to be independent. Support from family and friends at this time is most important. Being over protective or taking away a person's independence by making decisions for them is not desirable and may be harmful. Help the elderly begin their adjustment by attending the funeral and offering specific help.

How To Survive The Job Search By Nancy Sakol

Q: Dear...Search: Three weeks ago I interviewed for a position in management for a new retail store moving into our area. was told at the end of the first interview that the company would be doing an investigative background check on me. Not really thinking about it until now, I do not recall being asked for my permission to do this investigation. My concern is that I have received a letter from this company basically saying, "thanks but no thanks". I called the Personnel Department and asked why it was that I have been turned down. Their answer was that they have had a tremendous amount of applications on file at this time which is allowing them to select the top candidates. I questioned if that was so why they continue to candidates. I questioned if that was so why they continue to have the "HELP WANTED" signs big as life on their entrances. Realizing I was getting nowhere fast I gave up. I have worked in retail in several stores for the past six years and while I have never had a background check done to my knowledge, I would like to know if there was anything on that report that may have hindered my getting this job, and if so, do I have the right to a copy of this report that is now in the hands of this employer? I am both embarrassed and frustrated as few of my friends have been accepted for employment there and I have no excuse as to why I was not. Thanks for your help. C.R. - Round Lake Beach A: Dear C.R. First let me start by saying that you must have signed a form permitting the company to obtain this information. The first step you should take is to contact the store which you applied to and speak with the personnel department in a very calm, professional manner. Ask for disclosure of the report obtained by their company. The Federal Credit Reporting Act states that a company must disclose this information to you upon request. Some companies require you to contact them by telephone, some in person, others in writing, and there is to be no charge to you for the copy of this report. Once received, should you see any discrepancies or inconsistencies in your report, tell the investigation firm immediately. Anything contested by you must be further investigated by the firm and incorrect findings must be reported to the employer who ordered the investigation immediately. When first calling the employer to request a copy of this information, remember to keep your cool. Although you received a letter of what you are assuming to be rejection (without knowing the exact contents of the letter), another person may just interpret that of, "not at this time, but we'll keep you on file". Just to be sure, if you want to work for that employer bad enough...don't burn your bridges! Good luck!

Note: Nancy Sakol is a licensed personnel professional and President of Superior Personnel in Gurnee. Letters can be sent to Nancy at 5101 Washington St., Gurnee, IL 60031.

TIPS ON-HOW TO WRITE A CLASSIFIED

AD TAHT SELLS

1. Use a KEYWORD. This immediately tells the reader exactly what it is you have to

Make your description CLEAR and PRACTICAL. State the year, make, model, color, size, and tell what condition the item is. Also state the special features. 3. State the PRICE. Successful Classified advertisers have learned that the price in an ad helps increase the chances for

4. if there's a genuine sense of URGENCY, say so. The words, "We're Moving" or "Must Sell Fast" suggests that readers respond immediately. 5. Include your PHONE NUMBER. Classifieds get results fast and often generate immediate sales. If you cannot be available to answer the phone at all times, be sure to specify special calling times such as "after 6 PM" or "Before 11 AM".

If you need assistance ask one of our friendly AD-VISORS to help you word your ad.

FOUR PAWS TRAINING CENTER

"Positive Training With Positive Results"

All training methods are not alike. Come visit us during classes and observe a different approach to dog training. Our methods utilize food, enthusiasm and praise, and exercises are broken down into pieces both dogs and owners can manage. We have classes for pupples and older dogs, and for all levels of obedience competition training. For more information please give us a call.

Kim Academy gets nationals

by GREG MILLER Lakeland Newspapers

K.H. Kim's Tae Kwon Do Academy — with locations in Lake Zurich, Libertyville, Northbrook and Schaumburg - has been named the host of the 14th U.S. Junior Olympic Championships in July of 1994.

"It's a huge honor," said Brian Golden, director of sales and marketing for the Lake Zurich center. "It's a very big deal, considering its the biggest tournament in the states."

Break-A-Thon Aug. 28

The K.H. Kim Tae Kwon Do center in Lake Zurich will attempt to raise funds through a Board Break-A-Thon Saturday, Aug. 28 at 10 a.m.

Sponsors will pledge a certain amount per board broken by a student. Proceeds from the event will go toward the hosting of the 14th U.S. Junior Olympic Championships in July of 1994.

Around 180 students — of which about half are between 7 and 15 - study at the Lake Zurich center, which is located in the Eagle shopping plaza at the intersection of routes 12 and 22.

The National Board of Governors for the U.S. Tae Kwon Do Union tabbed Grand Master Kim and Chicago after considering a long list of applicants. Chicago and Omaha were the two finalists.

Kim's organization is now tasked with finding additional funding to cover things like the \$45,000 tab for use of the Rosemont Horizon, site of the three-day event.

"It's an honor to host it, but then you have to pay for everything that goes along with it," Golden said.

While major sporting goods companies will be sought as sponsors, the academies also seek involvement on the local level. Part of the effort includes a Board Break-A-Thon at the Lake Zurich location Saturday, Aug. 28.

At the five centers — there are two in Schaumburg around 500 students learn Tae Kwon Do, a form of martial arts. The centers also offer training in self-defense for women, Hapkido, Tai Chi and kick boxing.

When Kim came to U.S. from Korea in 1979, he had little money and didn't speak English, Golden said.

Over 5,000 competitors will take part in the Junior Olympic Championships, and another 25,000 to 30,000 people will be on hand as coaches, referees, trainers and spectators. It's estimated the event will have a \$6-million

Velotta sisters show teamwork in Gurnee run

G .

by STEVE PETERSON Lakeland Newspapers

They were tag numbers 200 and 202, Molly and Mary Velotta did this steamy day in Gurnee.

In the end, only input to a computer separated the two leaders of the Gumee Days women's 10K run as Mary was officially clocked at 38:51.2, Molly at 38:51.6. The Libertyville sisters led most of the way, so in the end decided to show a form of family unity, holding hands as they crossed the clockless finish line.

"We decided to do that before the race," Molly Velotta

The former Wildcats are now cross country and track runners at Purdue in West Lafayette, Ind. The transition from the North Suburban Conference to the Big Ten was not always an easy one.

"The first year, almost every day I decided to quit," Mary said.

But the two did get used to the longer courses in cross country and track and field and are now veteran Boilermakers.

Jeff Harvey of Grayslake led at the three-mile marker, but was overcome by Rob Leanna, who won the men's 10K in 30:54.1.

"I run every day of the week and train with Harvey," said Leanna after his first 10K.

Jeremy Armdt, 15, of Waukegan finished third in 31:52.6. Michael Burns of Waukegan was fourth in 32:44.7.

The day was a family effort for the Darryl Johnson family, all members of the Libertyville Track Club. Darryl was first in his 40-49 age group with a 33:04; Erick Johnson was second in his age group, Ellie Johnson fourth and Amy Johnson third in her age group in the two-mile.

Darryl was the long-time cross country coach before turning the program over to Karen Whalen this fall.

While 10-year-old Erick Johnson was the youngest runner, the oldest runner was Jack Taylor of Waukegan. Wearing No. 28, he was the only finisher older than 60. He had a 40:21.2 and was 57th.

"I do most of my recreational running in the winter," Taylor said. He acknowledged that it was a hot day on this course slightly changed from last year's.

"It was fairly warm today. I just tried to drink before and afterward," Johnson said.

Gurnee runners dominated the first pair of two-mile (Continued on Page 55)

Comeback Chiefs finish up fifth

by STEVE PETERSON

Lakeland Newspapers

Baseball fans might want to dub this team the "Cardiac

The 12-years and under squad rallied three times for victories in the last at-bat. The Lake County Chiefs contingent returned home from nationals in Burnsville, Minn. with a 7-3 record.

"The kids played very well. This is much more competitive and intense than the 11-year-old tourney. My father-inlaw said it best. He said he could not believe there were 12year-olds," Chiefs manager Brad Burnett said.

Three Lake County players had batting averages in the .450 neighborhood going into the final day. Candidates for the all-tournament team are Bo Burnett with three homeruns and a .451 average; Derek Emmerich, two home runs and a .450 average and Matt Thompson who hit .430.

Justin Sornsin of Rockford gained the win in a 5-4 win over Skilles Test (Ind.) for the fifth-place title. Justin Henry of Waukegan got the save.

Earning revenge for a 3-2 loss earlier, the Chiefs trailed 4-3 in the sixth inning. Burnett and Emmerich had final-inning RBIs.

In the game before, the Chiefs downed the Wichita Pirates 6-2 behind Henry. Henry had seven strikeouts in five innings and walked only two.

Emmerich's grand slam proved to be the deciding blow. Thompson, of Libertyville, was 3 for 4. Steve Strubbe of Hawthorn Woods was 3 for 3 and Burnett had a two-run double.

The Chiefs bounced back from their first loss in medal round play, an 8-2 defeat at the hands of Cincinnati, to take an Oklahoma team 7-5.

Henry had another seven-strikeout performance.

Burnett was 3 for 3 with a homerun and four RBIs. "That was his best game of the tournament. They had 300-foot fences there and he (Bo) had three home runs." Manager Burnett said.

The tourney started with an 8-5 win over the host team and a 4-1 loss to Benton, Ark.

Burnett was 3 for 3 and Mike Kolar of Gurnee did likewise in the win over Burnsville.

The Chiefs downed Davenport, Iowa 4-3 thanks to four runs in the last inning. Emmerich had a two-run double, Thompson and Mark Harmon of Libertyville had RBI singles. Strubbe gained the win. Assisting Burnett with the 48-12 team were Brian

Huinker and Andy Loy. The national AAU tourney, played at a baseball complex

Cyclists pedaling Harmon Hundred

by GREG MILLER Lakeland Newspapers

with five fields, included 34 teams.

Cycling enthusiasts from far and wide will gather in Wauconda Sept. 12 for the day of sweat, scenery and socializing that is the Harmon Hundred.

The event is an annual fund raiser for the Wheeling Wheelmen, a 400-strong cycling club with members throughout north and northwest Chicagoland.

"I think we have a fantastic route - especially for the 100 miles," said Cindy Schneider, co-chairperson of the Harmon Hundred with her husband Al. "It's very pretty and not particularly hilly, although there are a couple of hills. It's a great time."

Routes of 25, 50, 75 and, of course, 100 miles have been planned. All of the routes will start from Wauconda Orchards, 1201 Gossell Rd.

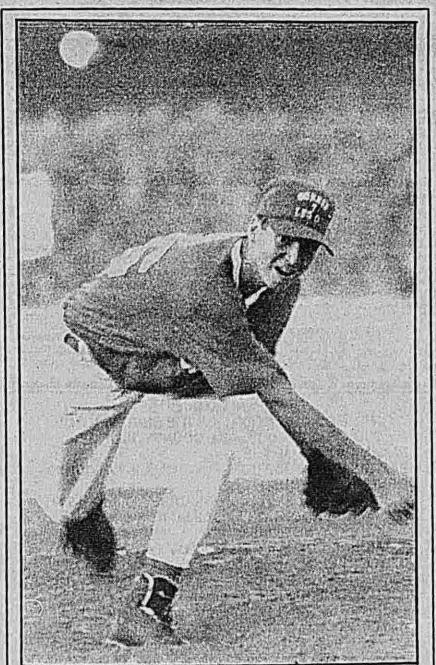

The 100-mile sojourn will run up to Wisconsin, over to Woodstock and McHenry and back to Wauconda.

Vans will be on each route to help with problems mechanical or physical. Rest stops and refreshments are also part of the plan.

Fun is the top priority.

"It's not anything where speed is a factor," Cindy said. "It's all up to the individual."

The Harmon Hundred is in its 23rd year. It's named after the late Willard Harmon, who made it his pleasure to find (Continued on Page 54)

DeRousse looks forward to new wrestling challenge

by STEVE PETERSON Lakeland Newspapers

Ted DeRousse, a fixture in Lake County

Ted DeRousse

wrestling for almost 30 years - as permanent as the state finals are in Champaign — will not be matside, exhorting Antioch wrestlers to do better this winter.

DeRousse's career has gone national as he will be working in the state wrestling services of USA Wrestling based in Colorado Springs, Colo.

"It will be a real loss for wrestling in the entire state," said Steve Wapon, Antioch assistant principal who was an assistant to DeRousse while gaining quite a reputation for himself as a football coach.

An open house will be held at the DeRousse residence in Antioch Sunday, Aug. 22. Wrestlers or coaches interested in giving DeRousse a final send-off may call Wapon at Antioch High, 395-1421.

DeRousse said one of the factors which led him to decide at this time is the state's incentive package for retiring. He will join Round Lake athletic director Ken Ricci and Mundelein athletic director John Graham as long-timers who are not returning this fall. Two athletic directors will retire after this year, Warren's Mike Kunkle and Grant's Max Thompson.

"Sure, I will miss it. It will be a big change to go from coaching for 28 years. to not coaching at all. But I will still be working with the kids, just not as directly," DeRousse said.

The always likable DeRousse will be helping with membership and paperwork in his new position.

"It is the people you work with," he said of things he will remember.

DeRousse has had the honor of leading the grand march of state finalists into the darkened Assembly Hall.

The Sequoits have had dozens of state wrestling qualifiers in the last 30 years and those who have gone onto college wrestling. Greg Calalpi, at 118 pounds, is wrestling for the University of Minnesota at Morris.

Then there are the high-caliber type wrestlers such as Tim and Tom Lehn.

DeRousse knows the wrestlers of today are a different caliber than when he started in 1965.

"Kids today are better because the coaching knowledge is so much more sophisticated. Back then, it was not unusual to find coaches who had never wrestled. More than any other sport, through clinics, et cetera, coaches are willing to show their knowledge for the love of their sport," DeRousse said.

DeRousse said he has become more even-tempered as the seasons mounted.

Mark Tiffany wrestled when DeRousse era was getting underway.

"I did not wrestle an Antioch wrestler except for regionals, but I knew Ted because he was well-respected clinician in summer wrestling. The main thing was how generous he was with his time to his sport," Tiffany said.

Tiffany was a state champ at Waukegan in the 1960s and has been coach at Warren for nine years.

DeRousse is not one to cite chapter and verse of accomplishments of one team over another, but did happen to reflect on a successful football season of 1968. Lineman Larry Ryan, defensive backrunning back Dennis Pleviac, and lineman Chuck Madsen.

No successor has been named as DeRousse's successor.

Knights, Vikings at home

Semi-pro football fans will be able to see both teams in action as the Lake County Knights and Lake County Vikings both have home games this weekend.

The Knights host Palos-Orland Park Force Sunday, Aug. 22 at Lake Forest High School.

The Lake County Vikings will host Chicago Falcons at 7 p.m. Saturday, Aug. 21 at Round Lake High.

The Knights are coming off a 28-3 loss at the hands of DuPage, the defending Chicagoland Football League champs. The Knights' points came on a 35-yard field goal by Brian Webster.

The Knights will play their home games at Lake Forest High on McKinley Avenue. Other home games are Aug. 29 at 1 p.m. against the Renegades; Sept. 26 against the Bulldogs at 1 p.m.; Oct. 10 against DuPage at 1 p.m.

The Knights are offering season passes at \$10 each, \$5 at the gate.

The Vikings, meanwhile, are coming off a 3-0 preseasonThey are led by quarterback Jon Shoemaker, who passed for over 300 yards in a 38-12 win over the Thunder.

After an away game at Racine Aug. 28, the Vikes host the Chicago Thunder Sep. 4 at RLHS.

Giebel takes over as head grid mentor at Wauconda

Wauconda, a state quarterfinalist a year ago, is working under a new head coach this year.

Meanwhile at Warren, the Blue Devils are adjusting to a key injury. Practice for all 14 schools started Monday, leading up to openers Sept. 3 and 4.

"Bob (Kasper) decided not to coach due to family reasons. His son is a senior at McHenry. Bob is also pursuing a masters degree," Wauconda Athletic Director Jim LePaige said.

Don Giebel, sophomore coach the last several seasons, is guiding the

Dick Barry, track coach, will replace Kasper on the staff. Jim Van Fleet and Len Siatta return as assistants.

Meanwhile at Warren, the Blue Devils received some bad news in regards to tight end candidate Todd Bensinger. Bensinger, a 6-foot-1, 195 pounder, is in Lake Forest Hospital suffering from a bone infection.

"He was going to be an important part of our offense," Hughes said.

Erick Kowalski suffered a similar problem but the interior lineman is expected to be back.

Hughes coached for the East squad in the annual Shrine game. The East lost 28-26, but Warren running back Bob Olson, headed to College of Lake County to play baseball, scored a touchdown on a 22-yard run.

"Olson looked great. It was an inside isolation play," Hughes said.

Hughes termed the all-star game a "great experience." He coached with J. Randy Hofman, who guided the Richmond-Burton Rockets to the Class 2A title before resigning.

Allendale offers Bear of an event

Golfers can team up with the likes of Bears Richard Dent, Will Furrer, Jim Morrissey, Glen Kozlowski, Peter Tom Willis, Neal Anderson, Jerry Fontenot and Tom Waddle during the first Allendale "Strokes for Hope" benefit outing at Bull Valley Golf Club in Woodstock Tuesday, Aug. 31.

A host of current and former Bears will be on hand to play and promote the event. Bear wives Tricia Davis, Stephanie Fontenot, Julie Kozlowski, Stephanie Rivera, Kim Willis and Sheri Wojciechowski have also worked hard toward the outing.

A new car and other prizes await any-

Scholarships a top priority for baseball 'lifer'

The list reads like a virtual who's who of baseball in Lake County:

Jeff Randall of Round Lake, will attend Kishwaukee Junior College in Malta. A. J. Walkenoff of Zion is attending Creighton University; Jason Schwab, a Warren graduate, is attending Northern Illinois; Pete Ariennas of Waukegan is attending Georgia and competing in an elite summer league in Cape Cod, Mass.; Jay Center of Round Lake is attending Crowder (Mo.) College.

What do all those and more have in common?

All were, at one time or another, were under the guidance of Ralph Bufano and received scholarship assistance in furthering their baseball careers.

"I don't want the money, I don't need the money, but one thing I do give is of my time," Bufano said.

Big-league scouts are frequent visitors to Waukegan Ace Hardware games at Bowen Park in Waukegan. Players give up long-time baseball friendships for the more intense schooling under Bufano.

"No one sends more high school players to colleges. I just love the game. I have been doing it for 40 years. I promote it be-

Lake County Rugby Club Fall 1993 Schedule 9-11 — at Elgin, 9-18 — BLACK & BLUES, 9-25 — at Rock-

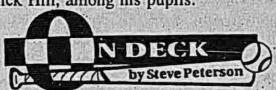

ford, 10-2 - at Chicago Ball Tournament, 10-9 - Lincoln Park

(in Milwaukee), 10-16 - TBA, 10-23 - FOX VALLEY.

The Lake County Rugby Club is

cause I have the time and energy," Bufano said.

Bufano started coaching in the 1960s. He counts Rick Bay, who went on to become athletic director at the University of Minnesota, and present Gurnee Legion Coach Rick Hill, among his pupils.

Bufano has, among his successes Byron Johnson of Wauconda, who will attend Western Michigan University.

Area players Bufano has helped who are in the minors are Dax Jones of Waukegan with the Giants; Brian Traxler of Waukegan with a AA Dodgers team; Jerry Kutzler of the Sox and Dodgers; Pat Kelly of Waukegan with the Braves' AA team.

Bufano does not bother himself with the pressures of winning and losing. He leaves many of the game decisions to assistants. During games, he is not along the third-base or first-base coaching boxes, but giving instruction.

Another 50-game plus season concluded last week with the Waukegan Invitational Tournament.

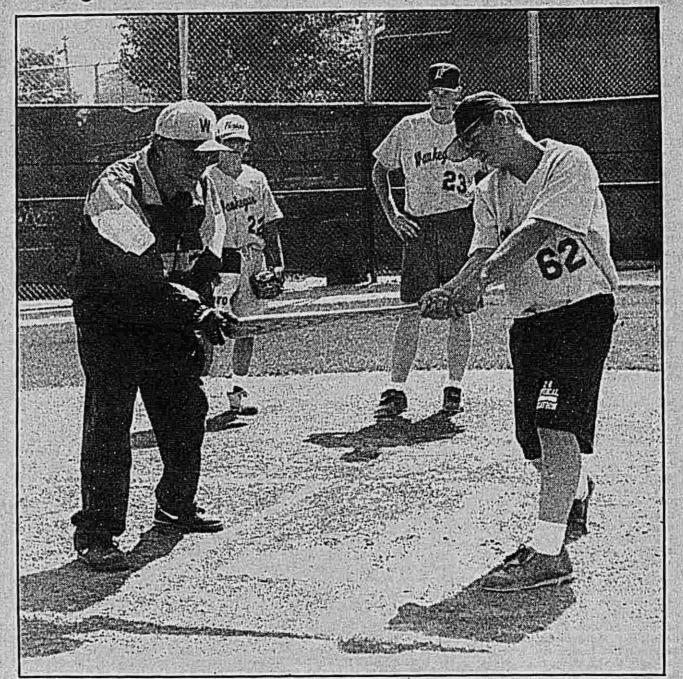

"We played everybody today," Bufano is fond of saying.

"I ask for the desire to excel, willingness to give up old ways, some talent and putting in the time and effort and I will get you some sort of scholarship. Take me up on it," Bufano said.

Regular fall practices are planned as well as winter workouts. Once April comes again, many of the same Aces faces will return for another 50-game, five-state season.

"We have a young team this year," Bufano said.

Those interested in taking Bufano up on his offer should call him at 662-6025.

Warren grad Chumbley picks Kishwaukee College

Warren graduate Jill Chumbley will be pitching at Kishwaukee College in Malta, Ill. next spring.

Chumbley recorded three no-hitters in her two-year varsity career at Warren, one against Highland Park and two others against North Chicago. But it is a game against Lake Forest Chumbley remembers best.

"We beat Kelly Beckwith 4-3," she recalled.

"Jill really responded. She worked hard

and was a leader. She was the heart of our ter, only striking out five times. team," Warren's 1993 softball coach Joyce Norton said.

Chumbley had 100 strikeouts in 103.3 innings and 43 walks. Batting second, she hit .302.

"She was very competitive. She would be a good infielder in college because she has a strong arm and is accurate. She does not have overpowering speed as a pitcher, but she is a winner," Norton said.

Chumbley was always a disciplined hit-

"She could bunt or slap-hit the ball," Norton said.

Kishwaukee, located outside of DeKalb, is coached by George Limperis. The team was 8-7 last spring. Chumbley knows there will be changes to her days as a Blue Devil.

"The mound is three feet farther away from home plate," she said.

Chumbley was MVP her senior year and all-North Suburban Conference. Warren finished fourth in the league last year with a 9-7 record, 13-10 overall.

Chumbley had four head coaches in as many years at Warren.

"You need someone to stay with the program or it will not be strong," Chumbley said.

Chumbley plans to major in sociology.

Julie Lindom, Antioch Youth Baseball fund-raising coordinator, poses with top salesmen Jeff Heishberg, Craig Maniscalco and Kyle Ziemann.

Players field cash, prizes for fund-raising campaigns

Antioch Youth Baseball participants helped their organization and themselves — to some cash and merchandise this summer.

The top producer in candy bar sales was Chris Lindom with six cases. That was good for \$15 and an AYB sports bottle. Dylan Moe sold five cases and earned \$10 and a bottle.

A drawing was held from among the names of everyone who sold at least one case of candy bars, and Megs Kotlarz was the winner of a portable stereo.

AYB kids also sold other merchan-

dise — like cheese — to benefit the organization.

Jeff Heishberg earned \$80 for his efforts and another \$100 for being the top salesman. Craig Maniscalco was second and picked up \$80 and \$50. Kyle Ziemann earned a cool \$80 and \$25 for being third.

The Cubs in the A League were the top salesmen as a team. They earned team jackets for their efforts.

Cindy DeBoer, AYB publicity person, said the organization would like to thank all the players who participated in the fund-raising campaigns.

Renwood foursome set for national tournament

by GREG MILLER
Lakeland Newspapers

Renwood will be well-represented during the World Amateur Handicap Golf Championship in Myrtle Beach, S.C. Aug. 30 to Sept. 3.

Four Round Lake-area men — Mike Hawes, Jason Hawes, Brian Rheberg and Mike Leptick — will join 3,500 golfers from around the country and the world in seeking \$150,000 in prizes and the World Amateur Handicap title.

All four players work part time in some capacity at Renwood.

It'll be the fourth trip to the tourney for Mike Hawes. Two years ago, he placed 19th in his flight, which is no small achievement on the 50 beautiful-but-difficult courses used for the tournament.

"I think the challenge of the golf courses is the No. 1 thing," Mike Hawes said. "It's not like up here — with Bermuda grass and playing with the ocean breezes. The hazards are unforgiving. You always shoot higher there. There aren't

any easy courses down there."

Mike Hawes shoots in the high 70's to low 80's. His son Jason — who just earned a scholarship for his second year at the College of Lake County — plays in the mid-70's. Rheberg and Leptick shoot in the 80's.

At Myrtle Beach, the golfers are broken down into 35 flights according to age and handicap. After four days and 72 holes, the flight winners compete for the overall title in an 18-hole playoff.

As the tourney moves into its final stages, Mike Hawes said, it's lights, camera and action with leader boards, galleries and all the trappings.

"So, if you ever wanted to be a pro on TV, this is about as close as you can be," Mike Hawes said.

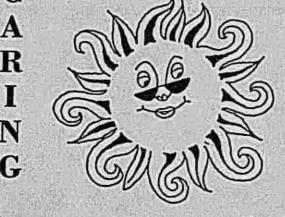

In the final analysis, however, winning and losing aren't all that important.

"There are so many things you can do after you're done playing," Mike Hawes said. "It's actually a vacation with the fun of playing golf."

Three-fourths of the group from Renwood headed for the World Amateur Handicap Golf Championship are, from left to right, Mike Hawes, Jason Hawes and Brian Rheberg. — Photo by Greg Miller

FESTIVAL OF THE AMERICAS Holiday Park & Saturday & Sunday, Aug. 28th & 29th

It is our pleasure to welcome you to the first "Festival of the America's," at the 120-acre Holiday Park in

This two day event promises to be a family fun-filled Ingleside, Aug. 28 and 29. weekend and a perfect way to celebrate the end of

While you're at the festival you will be able to enjoy a summer.

wide range of activities. We are featuring a car and boat show, kiddie-land, an ice-cream social, bingo, a trade show, antiques, crafters, a flea market and of course, top

We sincerely appreciate your participation, attendance of the line entertainment. and support, We would also like to say thank you to all the sponsors and vendors that helped to make this

So bring your lawn chairs and blankets and we'll see festival possible.

you at the festival!

Keggy Blomstedt Peggy Blomstedt Chairman of the Board

Holiday Park lights up!

The Festival of the America's will light-up Ingleside's Holiday Park, Aug. 28 and 29.

The festival will feature top-of-the-line musical performances, including an appearance by Country star Steve Wariner, a carnival, car and boat show, flea market, trade show. food tents, ice cream social, beer gardens and National Guard displays. In addition, their will be special appearances by Big Bird, Santa, and Bat-

A commercial building will feature displays of office equipment, health products, baskets, professional services, diaper services, toys, travel services, clothes, jewelry, hand-made crafts, housewares, Real Estate, Christmas items and much more.

"We wanted to develop something here in Lake County to support Lake County businesses and to provide families with a way to celebrate the summer season," said Peggy Blomstedt, chairman of the board. "We wanted to give something back to the business

community and give them

a chance to be recognized. There is nothing like this being done in Lake County."

The organizing committee, comprised primarily of business leaders, chose the "Festival of the America's" to highlight the diverse cultures that exist in Lake County.

"This is a festival that everyone will enjoy," Blomstedt said. "We've created it for the family. There is a special kiddy land for kids and we've planned special activities for them."

One of the festival highlights are the big named bands that will be appearing on the festival grounds. "We chose music that appeals to everyone and that highlights the culture of Lake County."

Food available at the festival also comes in many varieties. From the traditional American cuisine of corn on the cob. hamburgers and hot dogs to tacos, burritos, buffalo wings, ribs, Chinese, cheese fries and pickleson-a-stick.

Festival of the America's has several sponsors bring the event to the public. Sponsors include: Lakeland Newspapers, Pepsi, Val Pak, Miller, Lake County Convention and Visitors Bureau, Chicago's "hot" new country radio US 99. WIND 560 radio, The National Guard, Adverteasing advertising specialties, Big Top Tents, Illinois Copier and Fax Corporation, Doyle Distributors, Rinella Beverage Company, Edward S. Peters-Metaphysician, Budweiser and the Law Office of Donald Simon.

The festival would like to thank the following organizations for assisting with the Festival of the America's: Holiday Park, Fox Lake Fire and Rescue Squad, Sound & Stage Creative Soundz, Ticketmaster, Country Post Magazine, Country Connection Magazine and Brad Altman.

ABWA sponsors ice cream social

A great way to cool off at the Festival of the America's is the ice cream ships of more than social sponsored by the Northeastern Illinois Chapter of the American **Business Women's Asso**ciation.

The Northeastern Illinois Chapter will be selling ice cream and will be hosting a raffle with donations from area businesses to raise funds for their scholarship program.

Bingo will be under the big tent and is sponsored by a local church with proceeds going to help the church.

Elvis, the impersonator, will also be there for photo opportunities to benefit the ABWA.

The goal of the ABWA is to raise scholarship money to be awarded to Lake County students. The first chapter of the ABWA was established in 1948 in Kansas City, Mo. and the first chapter in Lake County was established in 1969. Since that time the chapters have

expanded to four in the county providing scholar-\$120,000 in Lake County.

Fun for everyone

Army National Guard to exhibit equipment

One of the attractions this year at the Festival of the Americas will be an exhibit from the Illinois Army National Guard. The Guard will showcase different military vehicles along with a flag display which has drawn raves wherever they have appeared.

The military vehicles are contingent upon the premise that the waters along the Mississippi River will have subsided by then.

The National Guard will be represented by Staff Sergeant Al Black and a few of his fellow guardsmen from the Waukegan Armory. They will put together a recruiting display and all literature, posters, bookcovers, pencils and other assorted goodies will be given away absolutely free. Black has been a recruiter for the National Guard for approximately five years and has earned numerous awards for recruiting the Lake County area. He is the top high school recruiter for Lake county the last two years running and in addition was selected by the city of Chicago Chamber of Commerce for outstanding service

In spite of the military draw down, Black states he still has plenty of varied positions available to qualified men and women aged 17 to 35. These positions include cooks, medics, mechanics, police, secretaries, engineers and much more. For one weekend per month plus two weeks each summer the National Guard will pay you as you learn a skill and also include a educational benefit package as well. This package is second to none. Hundred percent tuition at any state school plus an addition

and professionalism.

\$190 each month for spending money. For more details on these

benefits and more, stop by the Illinois Army National Guard display and inquire

how you can receive some of these outstanding opportunities.

FESTIVAL OF THE AMERICAS Holiday Park & Saturday & Sunday, Aug. 28th & 29th

With a string of 35 top ten hits, the six foot, blond hair, blue-eyed guitar player from Noblesville, Ind. says his early Influences were Chet Atkins, Bob Luman and his father. He was discovered by Dottle West at 17, while play-Ing and he toured with her for three years. Later he met his idol, Chet Watkins and was hired to play in his band. Watkins signed him to his first recording contract with RCA in 1980. Warlner records for Arlsta Records on which he released his most recent album, "I Am Ready." He'll take the stage, Sunday, Aug. 29 at 5 p.m.

On Stage

Big John Howell and the US 99 Born to Boogle Band will perform Sunday, Aug. 29 at 2:30 p.m.

Steve Wariner

Margarita Vázquez

WIND 560 radio personality Margarita Vázquez will broadcast live from Hollday Park, Saturday, Aug. 28 at noon.

Banda Presagio

Banda Presaglo will perform Saturday, Aug. 28 at 5 p.m.

Mary, We Will Miss You!

Mary W. Palm

The Directors, Officers and Staff of The First National Bank of Antioch wish to express our sympathy and share in the loss of Mary W. Palm on Tuesday, August 10, 1993.

Mary Palm was elected to the First National Bank of Antioch Board of Directors on April 30, 1980. During her term as a Board member, she was a Chairwoman and Member of the Directors Audit Committee.

Donations to Star Hospice of Waukegan are being accepted by the First National Bank of Antioch in a memorial account. Proceeds will be presented to Star Hospice on behalf of the Palm Family. Donations may be sent to the First National Bank of Antioch, 485 Lake Street, Antioch, IL 60002, Attn: Palm Memorial.
